Britons Face Increase In Living Costs

Pound Devaluation Brings Jeers, Resignation Calls

LONDON (UPI) — Chancellor of the Exchequer James Callaghan admitted to a jeering House of Commons today that devaluation of the pound sterling will boost living costs for the average Briton.

But he ignored Conservative opposition demands that he quit. There were similar demands from the press and public.

Prime Minister Harold Wilson has staked his Labor government on forcing Parliament to swallow a massive dose of money devaluation and austerity to save Britain from bankruptcy.

DEFENDS ACTION

"I recommended the cabinet to devalue," Callaghan told the House. "They accepted my advice. It is my immediate responsibility to see the operation is successful."

Callaghan defended the government's decision to cut the value of the pound from $2.80 to $2.40 in a 10-minute parliamentary statement.

Conservative MPs shouted "out" and "resign" as both Wilson and Callaghan entered the House.

DEBATE SET

Callaghan's statement was followed by a rash of heckling questions from the opposition. But a full-scale debate on devaluation was scheduled only for tomorrow and Wednesday.

The conservatives planned to move a censure motion against the Wilson government. But Wilson was expected to survive it without trouble—his governing Labor Party has a majority of more than 80 seats in Commons.

RESIGN CRIES

Angry crowds shouted "resign" at cabinet ministers when they left 10 Downing Street after discussing strategy for the debate with Wilson.

The opposition Conservative party is bitterly opposed to the devaluation. It blamed it on Wilson's socialism. "Disastrous," said Edward Heath, Conservative leader. But Conservatives lack the votes to tumble Wilson.

Wilson was counting on this and the traditional British stiff upper lip to tide him over the pound crisis and give him time to usher in some prosperity before the next general election in 1970 or 1971.

PROUD NATION

Sir Winston Churchill offered blood, sweat and tears in rallying Britons in World War II. Wilson in a national television and radio speech Sunday made a similar plea to conquer the economic dangers threatening Britain.

"This a proud nation. We have the chance now to break out from the straitjacket of these past years.

"We're on our own now. It means putting Britain first."

—In Washington, the U.S. Federal Reserve board boosted from 4 to 4 1-2 per cent interest rates on loans to banks to protect the American dollar from a pound backlash. Experts said Americans now probably will have to pay more interest on loans.

Meantime, moving to calm financial markets everywhere,

Drop In Pound Means Cheaper Import Goods

NEW YORK (AP) — England told the world during the weekend that its cars, woolen goods, candies and other items it exports could be sold throughout the world at a discount of about 14 per cent.

At the same time the British government told its citizens that they would have to pay about 14 per cent more for the cars, radios, television sets and machinery imported from the United States and other countries.

The British devaluation of the pound Saturday night—a 14.3 per cent reduction from $2.80 to $2.40—is a complex international financial move. But its impact on buyers and sellers in other nations and in England will be easy to feel.

TRADE BALANCE

The devaluation is an attempt by the British government to improve its balance of trade—the amount of goods it imports compared to the amount it exports. At the present time Britain imports more than it exports.

Devaluation will do two things: It will lower the cost of British goods on world markets which the British government hopes will cause people to buy more British goods and bring more money into England. It will also make it more expensive for British citizens to buy imported goods. This will have the effect of keeping England's money at home.

NET EFFECT

The net effect, the British government hopes, will be to improve its balance of trade.

Britain took another step to strengthen its economy that is complex—but again, its effect will be easy to feel.

The government increased the Bank of England's discount rate from 6 and one-half per cent to 8 per cent.

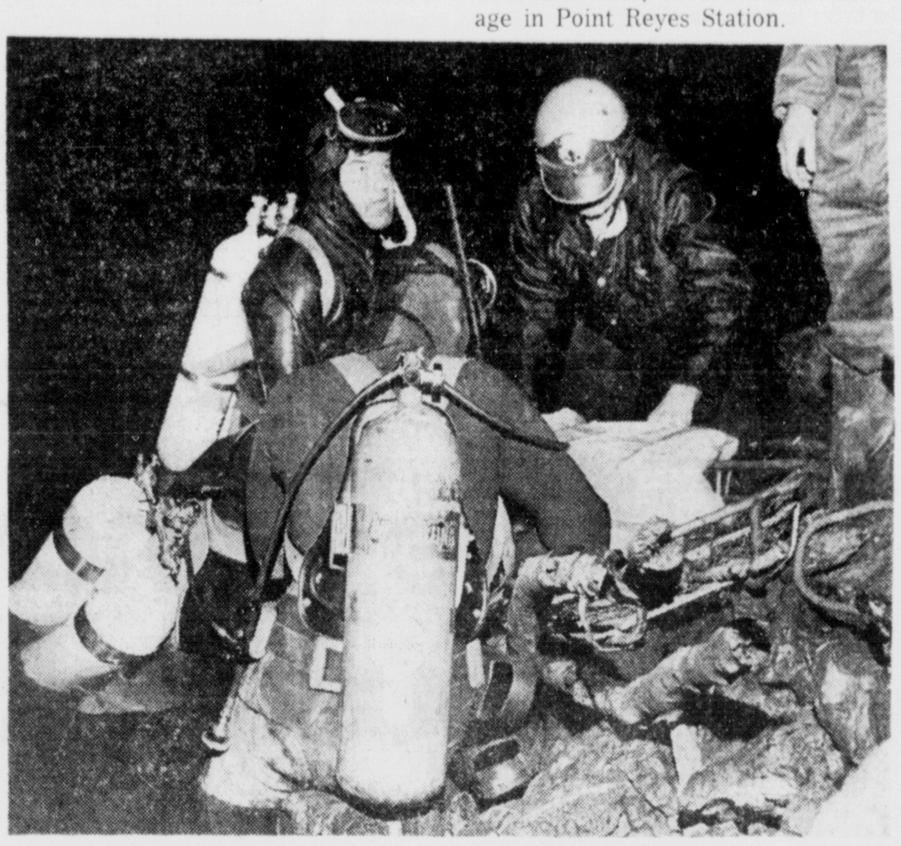

As a result of the increased rate a man who has money to invest can earn a higher interest rate in England. This action, Britain hopes, will attract foreign money into England.

The U.S. Federal Reserve Board increased its discount rate a half per cent to 4 and one-half per cent to keep U.S. money from flowing into England at too fast a pace. The ac-

Hill Assault Brings Heavy Toll Of GIs

SAIGON (UPI)—U.S. paratroopers repeatedly assaulted strongly entrenched North Vietnamese forces on Hill 875 near Dak To but were thrown back and lost 157 men killed or wounded in two days of some of the bloodiest fighting of the 19-day battle of the Central Highlands, it was reported today.

South Vietnamese forces were more successful, killing 360 communists and capturing a strategic hill in the embattled highlands.

In the air war, U.S. spokesmen reported four American jets lost in raids against North Vietnam's Hanoi-Haiphong complex and two more downed in South Vietnam.

The assault by three companies of the U.S. 173rd Airborne Brigade against Hill 875 was launched yesterday. At dusk today, the North Vietnamese still held the hill.

U. S. officials reported 76 of the paratroopers were killed and another 81 wounded. The Americans had no report on how many Communists were killed.

The North Vietnamese force, estimated at about a battalion of 500 men, was entrenched in a network of tunnels and bunkers and kept up a steady stream of fire from the heights despite two days of pounding by American warplanes. Dug in atop the vine-covered ridge,

Supreme Court Rules Medi-Cal Cut Illegal

SAN FRANCISCO (UPI)—The California Supreme Court today upheld a lower court ruling that the state's $210 million cut in Medi-Cal was illegal.

In a 5-2 ruling the high court said the reduction in Medi-Cal services ordered by Spencer W. Williams, administrator of the California Health and Welfare Agency, violated statutes enacted at the 1966 and 1967 sessions of the legislature.

Williams' new regulations, adopted with the advaice of an 11-member health review and welfare council appointed by Gov. Ronald Reagan, were challenged by Harvey Morris of Modesto and others. Sacramento Superior Judge Irving H. Perluss ruled them illegal on Sept. 15.

The state took the case to the high court.

The high court ruled that Williams' regulations violated the statutes "by eliminating certain services entirely in the absence of a showing that proportionate reductions were not 'feasible'."

The attorney general argued for the state that Williams acted within his proper discretion.

The state also argued that reduction of "minimum coverage" for recipients of public assistance was also within the discretion conferred by the 1965 legislature.

The majority opinion was written by Justice Raymond L. Sullivan. Justices Marshall McComb and Louis H. Burke dissented.

Reagan May Call Medi-Cal Session

SACRAMENTO (AP) — Gov. Ronald Reagan said today he is considering a possible special session of the legislature to find a way of solving the financial problems of the state's program of medical care for the needy.

The state Supreme Court ruled illegal earlier today the Reagan administration's $210 million planned cutback in Medi-Cal, made in September in an attempt to keep costs within available funds.

Car Hits Reservoir; Marin Wife Dies

Nicasio Lake Drowning

Mrs. Louise Giacomini, 56, the wife of Point Reyes rancher Waldo Giacomini, was killed last night when the car she was driving plunged into Nicasio Reservoir.

Her husband, 54, escaped from the sinking car with minor scrapes. He was treated at Marin General Hospital for shock.

The tragedy took place shortly after 11 p.m. as they were returning home on the Petaluma-Point Reyes Road. They had spent the day in Petaluma at the wedding of a niece of Mrs. Giacomini.

LEAVES ROAD

The California Highway Patrol said the car left the road on a straight stretch for unexplained reasons, hurdled a low steel barrier, and rolled 200 feet down a rocky embankment into the reservoir. Giacomini escaped by breaking through the right front door window, swam to shore, and climbed up to the road.

He hailed an unidentified motorist, who notified police.

Sheriff's deputy Russell Hunt arrived first. With his patrol car lights on the water, he jumped in and tried to reach the car, which was 30 feet from shore in 15 feet of water. He said he saw air bubbles coming up from the car, but was unable to reach it.

REAR SEAT

The body was recovered from the rear seat of the car at 1:15 a.m. by three volunteer scuba divers from the Sheriff's Underwater Search and Rescue Team: Sgt. Donald Joslin, Richard Walsh and John Gallow.

Mrs. Giacomini's watch had stopped at 11:15 p.m.

The car, a 1968 Oldsmobile, was towed out of the reservoir.

A native of Petaluma, Mrs. Giacomini lived with her husband in Point Reyes Station near their cattle and dairy ranch just outside Point Reyes National Seashore.

SURVIVORS

She is survived by her husband; a daughter, Jeanette; three sons, Richard, Robert and David, all of Point Reyes Station; three brothers, Frank and Allie Pomi and Francis Mazza, all of Petaluma; a sister, Mrs. Marie Barboni of Petaluma, and five grandchildren.

Requiem Mass will be Wednesday at 9:30 a.m. in Saint Vincent's Church, Petaluma. Cortege will from at 9 a.m. in Sorensen's Mortuary, Petaluma. Burial will be in Olema Cemetery, Olema. Rosary will be recited tomorrow at 8:30 p.m. in the Mortuary.

Bullet Ricochets, Strikes Novato Boy, 16, In Leg

A 16-year-old Novato boy, shot in the right leg yesterday, was reported in good condition today in Novato General Hospital.

The victim of the freak accident was David Arthur Buschmann, 30 San Aleso Way, Novato, according to police reports.

He and Jeffrey Douglas Finley, 18, of 232 San Felipe Way, Novato, had been target practicing at the Bahia subdivision, they told police. While returning home at about 4 p.m., they stopped at an abandoned trailer at Bugeia and H lanes, police reported.

Finley shot at the lock on the trailer door with a .22-caliber pistol and the bullet ricocheted, police reported. It hig Buschmann in the right leg above the knee and lodged behind the knee joint, police reported.

SMUGGLER? NO, 400 MILLIONTH ON SPAN

Ray Banta, 26, of 10 Kathy Court, Novato, drove the 400 millionth vehicle across the Golden Gate Bridge today, and got a shock when he got to the toll booth at 9:32 a.m.

"My God, I thought they were grabbing me for smuggling or something," he said after bridge officials surrounded him. All they wanted to do was present him with a redwood burl plaque donated by the Redwood Empire Association.

Banta, a graduate student at San Francisco State College, was driving a Volkswagen with Connecticut license plates. The car belong to a friend stationed in Vietnam, he said.

The bridge, which opened to traffic May 28, 1937, carries an average of 86,243 vehicles a day.

The event came exactly 82 minutes after the 200 millionth U. S. citizen was tallied in Washington, D.C.

U.S. Joins Select 200 Million Club

WASHINGTON (AP) — President Johnson was interrupted in the middle of a speech today by the recorded arrival of the nation's newest citizen — an unknown who raised the U.S. population figure above 200 million for the first time. (See also editorial page 24.)

The interruption came at 8:04.15 a.m. PST when the census clock showed the United States had officially joined Communist China, India and the Soviet Union as the only nations with more than 200 million residents.

Johnson, who was posing challenges for America's third century and next 100 million persons, paused just in time to see the historic figure appear on the clock. An overflow crowd at the ceremony cheered and applauded.

The President said the nation faced three questions over and over during the past 200 years —"Shall we be a free nation?" "Shall we be one nation?" and "Shall we be a humane nation?"

"We answered each of these questions once," Johnson said. "But once was not enough. They had to be answered again and again by each succeeding generation." He said each time the answer has always been the same: Yes.

Alexander B. Trowbridge, secretary of commerce, under whose jurisdiction the Census Bureau falls, was to lead the celebration in the Commerce Department lobby where a census clock has been ticking off population gains for 40 years.

The clock now registers a net gain of one person every 14 and one-half seconds based on one birth every 8 and one-half seconds, one death every 17 seconds, an immigrant every 60 seconds and an emigrant every 23 minutes.

Timing is based on recent averages rather than actual births, deaths, arrivals and departures and the timing is changed as the averages change.

Viet Troop Cutback Talk Called Deluding

WASHINGTON (AP) — Senate Democratic Leader Mike Mansfield said today Americans will be deluding themselves if they count on a cutback in the number of U.S. troops in Vietnam within two years.

"Rather," Mansfield, said, "we should face up to the very strong possibility that the war in Vietnam may well take years and require, as it has heretofore required, additional inputs of American forces unless a solution is found."

Mansfield's Senate speech was a direct challenge to the guarded forecast of Gen. William C. Westmoreland, the U.S. commander in Vietnam.

Westmoreland said yesterday it is conceivable that within two years the Communist forces would be weakened wo a point that "we will be able to phase down the level of our military effort" and turn a greater share of the war burden over to the South Vietnamese.

Mansfield, a critic of the war, called again for negotiations.

Westmoreland had cited "very serious manpower problems" among the Viet Cong and North Vietnamese troops in his prediction that a limited withdrawal of U.S. forces might be possible within two years even if the war is still going on.

"We have evidence through our intelligence that the enemy has very serious manpower problems in the South," said the commander of U.S. forces in Vietnam.

Westmoreland's statements yesterday confirmed reports of the assessment he gave last week the House Armed Services Committee.

Misplaced GI Gets $1,238 Army Bill

LAKEWOOD (AP) — A former soldier, who sat at home waiting for U.S. Army orders for 223 days in 1966, says the Army has billed him for $1,238 paid him during his extended absence.

John Brown, 24, said he went to the Army at least once a month during the period, trying to get the Army to solve the problem. He said everyone laughed at the mixup until he told them his hitch was up and he wanted out.

Then the post commander at nearby Fort MacArthur found out about Brown's predicament.

"He thought I had done a real bad thing," Brown said. That weekend "I tried to tell him—and the record showed it—that I had been honest with the Army. I wanted to do what was right—but they couldn't seem to figure out what 'right' was."

PFC. JOHN BROWN
Claims honesty

Brown's dispute followed by a week the complaint of Pfc. Joseph A. Smith, who says he spent 18 months of his two-year Army hitch at home at Marysville and now wants out of the Army.

Both Brown and Smith were home on leave, with orders to go to Vietnam. Both received instructions canceling previous orders and telling them to wait for further instructions.

Both said they waited and no further word came. Smith, a draftee, says he will go to court to get his discharge if the Army doesn't let him out.

Rank And File Republicans Favor Nixon

PRINCETON, N.J. (AP) — Richard M. Nixon is favored by rank and file Republicans across the country as the GOP presidential nominee in 1968, according to the latest Gallup Poll.

The poll also showed that the former vice president is also a favorite nationally with independents and with Democrats who currently express disapproval of President Johnson's performance in office. Gallup says more people now list themselves as independents than as Republicans for the first time.

BEHIND NIXON

Gov. Nelson A. Rockefeller of New York is only a few percentage points behind Nixon among independents and the dissident Democrats, according to the poll.

Gallup based the findings on an early November survey and two earlier surveys in which persons were asked to select their top choise from a list of seven possible GOP candidates.

THE RESULTS

The results show Nixon favored by 42 per cent of the GOP rank and file polled; Rockefeller by 15; Gov. George Romney of Michigan, 14; Gov. Ronald Reagen of California, 13; Sen. Charles Percy of Illinois, 5; and Mayor John V. Lindsay of New York and Sen. Mark Hatfield of Oregon, 3. Five per cent listed no preference.

The poll was taken before Romney declared his candidacy Saturday, the only Republican listed who has done so.

New Armored Boot To Be Tested Against Viet Mines, Booby Traps

WASHINGTON (AP) — The Army soon will field test in Vietnam a new armored boot designed to save infantrymen from crippling wounds inflicted by Communist land mines.

Mines and booby traps have caused a higher proportion of American deaths and wounds in this war than in World War II and Korea.

800 PAIRS

Some 800 pairs of a new blast-protective tropical combat boot will be sent for field evaluation to Army and Marine troops in South Vietnam.

Another 100 pairs will go to soldiers patrolling the truceline in Korea, where armed clashes with North Korean infiltrators occur from time to time.

The boot, under development for the past four years at Army laboratories, incorporates a stainless steel wedge filled with aluminum honeycomb and covered on top with aluminum plate.

HEEL AREAS

The wedge protects the heel and the arch areas of the foot and has a V-shaped cross section to deflect the blast upward and outward.

The protective shank weighs only seven ounces.

Research by Army experts also has led to development of an overboot which was found to increase the potential "save" of the foot from 45 to 90 per cent.

This overboot also guards the bony structure of the lower leg.

According to the latest available statistics, mines and booby traps have accounted for about 9 per cent of the combat deaths in Vietnam. This compares with a 3 per cent rate in World War II and 4 per cent in the Korean War.

13 PER CENT

Nonfatal wounds attributable to hidden explosive devices have been running at the rate of about 13 per cent of all wounds suffered by U.S. troops in Vietnam. A comparable rate in both World War II and Korea was 4 per cent.

Army scientists and technicians are also concentrating on improved body protection for American soldiers and Marines fighting in Vietnam's jungles, mountains and swamplands.

Under development is a bullet-proof body armor that will supplement the standard protective vest worn by infantrymen to shield against grenades and other fragmentation weapons.

This armor will weigh from 19 to 24 pounds.

Lightweight felt body armor vests also are being tested and evaluated in Vietnam by soldiers of the 1st Infantry Division.

Goldwater Hails Old Fort Yuma

WINTERHAVEN (AP) — A student of the Southwest—Barry Goldwater — has dedicated a monument commemorating the Yuma crossing of the Colorado River and says the restoration of old Fort Yuma is encouraging.

The former Arizona senator said Saturday the resotration of the fort, first built in 1850, could serve as an example for other historical sites in the West.

Fort Yuma was taken over by the Bureau of Indian Affairs in 1885 and a school was started on the hill. Headquarters of the Quechan Tribal Council are now on the site.

More Helpful Hints From PG&E:

Five handy tips on household safety.

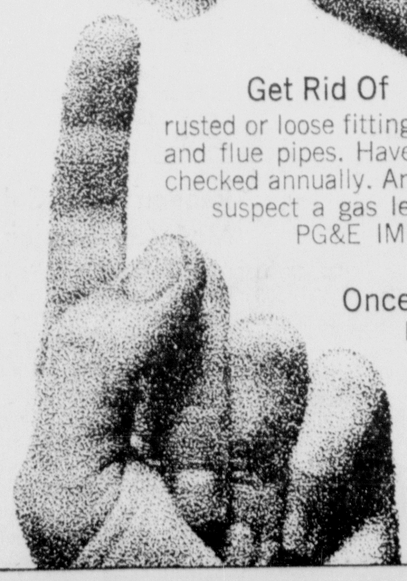

A Little Dirt or Lint
can cause trouble. So make sure that burners and controls on your gas furnace, wall or floor heater are clean at all times. And clean or replace dirty furnace filters periodically.

Remember
to keep all stairs and walkways safely lighted. Always keep an extra supply of light bulbs and fuses on hand—and have a flashlight handy for replacing them.

Get Rid Of
rusted or loose fitting vent and flue pipes. Have them checked annually. And if you suspect a gas leak, CALL PG&E IMMEDIATELY.

It's Up To You
to practice good home safety habits. Don't place furniture or draperies over floor furnaces. Don't let gas accumulate before lighting a burner manually. And always make sure the burners on your range are off completely when not in use.

Once A Year
have your gas appliances thoroughly checked by your furnace man or plumber. While he's there he should make sure safety pilots are operating properly, air openings on burners are clean and burners set for a blue flame.

PG&E Is Ready To Help
If you call for a PG&E service man to check out any gas leak or inoperative gas appliance, ask him to show you where your gas pilots are located and how to go about relighting them. If repairs or parts are ever required for an appliance, call an appliance or furnace service man or your plumber.

Remapping Vote Is Seen Tomorrow

SACRAMENTO (UPI) — The Legislature today opened what it expects to be the final week of its special Congressional reapportionment session.

The politically sensitive issue —hammered into a compromise by negotiators from the Senate and Assembly during a three-day weekend—was expected to be voted on tomorrow, or Wednesday at the latest.

A joint house conference committee reached basic agreement on a compromise Friday, but said it needed further technical data to put the final touches on the plan before today's afternoon Assembly and Senate sessions.

BASICALLY SAME

The lawmakers have until Dec. 7 to redistrict before throwing the task into the hands of the state Supreme Court, but legislative leaders hope to end the session by Thanksgiving Day.

The redistricting compromise was described by Assemblyman Jack F. Fenton, D-Montebello, architect of the Assembly-passed plan, as a nearly perfect "50-50" combination of his proposal with that of Sen. James R. Mills, D-San Diego, approved by the upper house.

"It is about as much of one as it is the other," agreed Mills, "but you have to remember that they were both basically the same bill to start with."

Both the Assembly and Senate versions of Congressional redistricting are designed to improve the re-election chances for Democratic and Republican Congressmen.

The conference committee report was endorsed by four of the six legislative conferees — Mills, Fenton, Sen. Lewis F. Sherman, R-Berkeley, and Assemblyman Leon Ralph, D-Los Angeles.

WON'T SIGN

But two other conference committee Republicans — Sen. John F. McCarthy, San Rafael, and Assemblyman Frank Murphy Jr., Santa Cruz—said they would not sign the report.

McCarthy said his main objection was the splitting of Marin County into two districts —the 2nd and the 6th. Marin presently lies entirely within the 2nd district.

Murphy said he opposed the plan because it moves San Benito County from the 12th to 10th district: deviates in one instance by 8.3 per cent above the ideal district size, and because it favors Democrats.

"From a partisan standpoint, it helps Democrats more than it helps Republicans," Murphy told newsmen. He said the voter registration advantages it gives incumbent Democrats is far more vital for their re-election than the advantages the new lines give to incumbent Republicans.

Murphy said he would ask the Assembly Republican caucus to unite in opposition to the measure, but sources close to GOP leaders said the prospect for a caucus position against the compromise was unlikely.

Fenton told newsmen the deviation from his goal of maintaining no more than a 5 per cent variation from the ideal district population was unnecessary in the 2nd district to produce a compromise.

Madera County was transferred from Rep. B. F. Sisk's 16th Congressional District to the 2nd Congressional District of Rep. Harold T. Johnson, putting Johnson's district 8.3 per cent above the ideal.

Gov. Ronald Reagan called the Legislature into special session Nov. 6, a month after the state Supreme Court ruled that California's 38 Congressional districts must be redrawn to meet the one - man, one - vote edict of the U.S. Supreme Court.

The state court said if the job wasn't done by Dec. 7, it would draw new district lines itself.

Kennedy, LBJ Break Is Seen

LOS ANGELES (AP) — Former Oregon Congressman Charles O. Porter says U.S. Sen. Robert F. Kennedy, D-N.Y., is moving toward an "open break" with President Lyndon B. Johnson.

Porter, national co-chairman of the committee to draft Kennedy as a presidential candidate, made the statement in Los Angeles yesterday, at a sparsely attended organizational meeting of a California citizens committee to draft Kennedy.

Only 15 persons attended. They elected Clayton O. Rost of Palo Alto state committee chairman.

CURRENT POPULATION of the UNITED STATES

200 000 000

CENSUS MILESTONE — President Johnson attends a ceremony today at the Commerce Department in Washington where the census clock —denoting the nation's population —turned to the 200 million mark. The milestone came at 8:04.15 a.m. PST. ((AP Wirephoto)

CENSUS

tends the basic calculations are all wrong. It says the Census Bureau missed 5.7 million Americans in the 1960 nose count.

Actually, the reference bureau said, the United States population probably surpassed 200 million in the spring of 1965 and could be at least 206 million now. It said its contention is based on 1960 census figures indicating there were far more Negro women than men, and concluded some Negro males must not have been counted.

The Census Bureau conceded the possibility of a higher population but stuck by the basic fact on which the 200 million estimate is based—a 1960 population by its count of 179,323,175.

The 200 million figure includes not only U.S. residents but American servicemen abroad.

In the first census in 1790, the Bureau counted 3,929,214 Americans.

It took until 1915 to reach the first 100 million but the bureau said the 300 million mark could be reached by the turn of the century, in only 33 years.

with Ellsworth Bunker, U.S. ambassador to South Vietnam, on the NBC television-radio program, "Meet the Press."

The war was pictured in a far more gloomy light by political columnist Walter Lippmann. He said President Johnson is as bogged down in Vietnam as President Herbert Hoover was by the 1932 depression and "he's got into a position from which he can't get out, just as Hoover did."

Lippmann, a long-time critic of Johnson's Asian policies, was asked if he believed a Communist state in Vietnam would be the best thing for U.S. interests.

"Yes," said Lippmann. "That's the only kind of state that could exist in Vietnam."

Lippmann appeared on a national Education Television Network program.

One For Test

A lone woman showed up at the San Rafael Post Office in D Street Saturday to take the Peace Corps general aptitude test. The non-competitive test was also designed to measure ability to learn a foreign language.

Window Broken

Police reported a plate glass window at House of Samples, 831 Fourth Street, San Rafael was shattered by a thrown wine bottle about 3 a.m. today.

they poured withering streams of rockets, mortars and small arm fire into the three companies of American paratroopers. They fired on helicopters trying to get the wounded out and kept the Americans pinned down all day.

An errant bomb from one of the American jets added to the misery of the paratroopers. A 500-pounder landed in the middle of an area where wounded American soldiers were awaiting evacuation. There was no immediate report on the damage it caused.

Two companies of about 300 men began the assault on Hill 875 yesterday but immediately ran into trouble and another company moved in to reinforce them. The three companies finally linked up and pulled into a defensive perimeter Sunday night.

During the night, the Communists crawled out of their holes and surrounded them, pouring in harrassing fire from all angles. Officials said reports from the battlefield said the Americans fought off repeated assaults by the North Vietnamese. One report said "casualties were heavy, particularly among officers."

The latest reports sent unofficial casualty totals for Americans in the Dak To battle to 273 killed and 831 wounded. Communist casualties were estimated at 1,181 killed.

The South Vietnamese victory was scored yesterday.

Lot Splitting Is On Agenda

Application by Hedwig M. Powell to re-subdivide a two-lot parcel near Butterfield Road and Arroyo Avenue into a three-lot subdivision is scheduled for consideration by San Anselmo Planning Commission at 8 p.m. today.

City engineer Charles R. Leitzell said presently a non-conforming duplex building is on the two-lot parcel. Re-subdividing would mkae the structure conforming and give Powell an additional building site, he said.

Treasury Secretary Henry H. Fowler said the United States stood "firmly committed" to joining with other countries in maintaining a sound world monetary system.

Fowler noted that "an overwhelming majority" of major countries had not been panicked into matching the British move with devaluations of their own.

He reaffirmed the U.S. commitment to keep buying and selling gold at the existing price of $35 an ounce. President Johnson made the same statement, which means no devaluation of the dollar, shortly after Britain devaluated Saturday.

Government whose currencies are tied to the British economy began their own devaluations. This included Ireland, Denmark, Spain, Israel, Hong Kong, Malta, Bermuda and Fiji. Australia and New Zealand were expected to make decisions today.

Encouraged by what French President Charles de Gaulle, a frequent critic of Britain's economic policy, called the "courageous" devaluation, the International Monetary Fund and the foreign central banks were expected to grant Britain $3 billion credit to tide her over the current crisis.

The British man on the street and housewife were paying the price.

DERAILED CARS—Emergency workers clamber onto the pile of 51 railroad cars in a derailment near Newton, Ala. Escaping chlorine gas from some of the tanks yesterday forced the evacuation of nearby residents. (AP Wirephoto)

Residents Of Alabama Town Brave Deadly Chlorine Gas

NEWTON, Ala. (AP) — Busloads of residents darted back to their homes for a few minutes last night to grab clothing, keepsakes and pets under a threat of the escape of 100,000 gallons of deadly chlorine gas.

A state agent said officials lowered barricades briefly to send in four busloads, limited to one member of a household.

He said more than 100 persons were allowed to brave the danger to bring out items essential for a second night away from home for nearly 3,000 persons who fled Saturday after a 49-car freight train (Seaboard Coast Line) derailed and caught fire. Two boys were reported missing after the evacuation.

Skeet Pate, an Alabama Department of Public Safety agent, said six tankers of ammonia were burning near tankers loaded with propane and a tanker of chlorine gas.

He said the outer hull of the double-walled chlorine tanker was cracked.

The fires were being contained by civilian firefighters and units from nearby Fort Rucker.

Pate said, "They can't tow that thing because there's 100,000 gallons of chlorine in there."

Pate said railroad workers might try to run a spur track to the tanker, running in another tanker to transfer the gas.

"They're going to have to cradle it to move it because there are valves underneath sticking in the dirt," said Sgt. E. H. Jones of the Alabama highway patrol. Officials also were considering using a crane.

Mr. and Mrs. Percy Bankston, who are among the evacuees, said they had been unable to locate their sons, Joe, 16, and Bobby, 13, since they went to a movie at Enterprise Saturday, promising to be home by midnight.

"Police apparently are too tied up with everything else to look for my boys," Mrs. Bankston said. She and her husband, a civilian worker at Ft. Rucker, have been staying at the Ozark Community Center.

Police said a broken rail apparently caused the pileup of 49 of the freight's 110 cars.

First Heart Transplant Now Capable

STANFORD (UPI) — Only one thing is necessary for the first heart transplant—the right heart at the right time.

A spokesman for Dr. Norman E. Shumway of the Stanford University Medical School said yesterday the operation could take place in the middle or latter part of next year.

Shumway, of the school's division of cardiovascular surgery, disclosed the plans in an interview in the current issue of the Journal of the American Medical Association.

He said a team of Stanford surgeons could do the job but the coincidence of the proper patient and donor is needed.

He said selecting the patient is difficult. A candidate must be near death, yet strong enough to survive the radical surgery.

The donor must have died shortly before surgery takes place from causes unconnected with the heart.

Sites For Future Buildings On Agenda

A planning commission report on possible sites for future city buildings will be taken up Tuesday by the Sausalito City Council. The council will meet at 8 p.m. in the Council chamber.

A Nude Youth Runner Booked At County Jail

A 21-year-old youth ran through the streets of Belvedere nude Saturday night, possibly under the influence of LSD, Belvedere police reported.

Officer William Brust reported that he spotted Paul Maurice Joses of San Francisco, running up Laurel Avenue with a dog alongside.

Joses had run alojng Beach Joses had run along Beach and acted as though he had taken LSD, Brust reported.

Joses was booked at the Marin County jail on suspicion of indecent exposure and use of a dangerous drug. Bail was set at $940.

Brust explained Joses' presence by saying that although the youth had a San Francisco address, his parents lived in Belvedere.

John D. Rockefeller Jr., donated the land for the United Nations headquarters in New York City.

THE GOURMET Presents

VIRGINIA BAKED HAM

Use a regular smoked whole ham, shank half or butt half of ham. Place ham in shallow roasting pan fat side up. Bake whole ham in a 300 degree oven 15 minutes per pound. Bake shank half or butt half in a 300 degree oven 20 minutes per pound or until thermometer reaches 158 degrees. Whole ham is baking, make a mixture of the juice of two oranges, ½ cup pineapple juice, ½ cup each of sugar and honey or dark Karo syrup. Baste ham frequently. If you desire, a ½ hour before ham is cooked, remove ham, peel off rind, if any, score ham and place in ham a few whole cloves, and sliced pineapple, return to oven and continue basting until done. Allow ½ lb. ham per serving.

Pound Devaluation May Delay Congress

WASHINGTON (AP)—Senate Majority Leader Mike Mansfield said today Congress may have to drop its mid-December adjournment goal and remain in session to act on a tax increase because of Britain's devaluation of the pound.

"Much as I hate to say so, much as I abhor the possibility, I think the welfare of the country and the stability of the dollar comes before any adjournment plans," the Montana Democrat said.

Mansfield told newsmen that could mean a nonstop 90th Congress with no extended recess between the first and second sessions.

President Johnson's 10 per cent income tax surcharge proposal is stalled in the House Ways and Means Committee, and Mansfield had conceded earlier it appeared likely to remain there.

But he said the British devaluation of the pound from $2.80 to $2.40 may force a reassessment. He said a tax hike is necessary to head off increased prospects of inflation.

Mansfield said Britain's 14 per cent devaluation means that the British will be able to undercut U.S. exports by that amount.

Senate Republican Leader Everett M. Dirksen of Illinois disagreed. Dirksen said weekend economic developments, including Sunday's increase in Federal Reserve interest rates, "should ease the pressure for a tax increase but only for a while."

Dirksen said he still believes Congress may be able to adjourn its current session about Dec. 15.

Sewage Master Plan On Agenda

A sewage master plan study of Marin County's needs for the next 50 years will get another hearing at 8 p.m. today in the supervisors' chambers at Civic Center.

Brown and Caldwell, engineers of San Francisco, who made the 18-month study, will present details of proposed construction, sewage treatment locations and future governmental agencies for sewerage service.

Tonight's presentation will be tailored to the interests of sanitary districts, cities and other agencies directly involved in sewerage collection and treatment.

Brown and Caldwell made its first presentation before Marin County supervisors last Tuesday and will make another appearance before the supervisors at 1:45 p.m. on Dec. 5.

TRENCH RESULTS—As row of rectangles is dug down, a trench appears. Dirt is placed in boxes like that at left, which are shaken to leave larger pieces — and possibly bits of Indian relics. At work (with some assistance from Novato youngsters) on the Novato Boulevard site are Sonoma State College students.

LAYOUT FOR EXCAVATION—Indian midden being excavated by archeologists in Novato, where new Novato Boulevard Bridge is to be built, is first divided into rectangles like this, so any artifact found can be identified with exact location. Working with back to camera is Paul Gordon of Sonoma State College. (Independent-Journal photos)

A Workshop Will Precede Board Round

Marin County Board of Supervisors will open tomorrow's session with a joint workshop meeting at 9 a.m. with the county parks and recreation commission.

The joint workshop will cover such topics as a statement of police on the county's park and recreation goals, park definitions and standards, and financing.

The workshop meeting will be held in room 400-B at Civic Center. Supervisors will then reconvene in the regular supervisors chamber at 10:30 a.m. for the regular agenda.

Supervisors will discuss a suggested agenda for the Nov. 28 legislative workshop with Sen. John F. McCarthy and Assemblyman William T. Bagley, several change orders suggested in the Hall of Justice building, and about 20 routine items.

The afternoon agenda includes a hearing on rezoning of areas in Black Point, another request for temporary flood protection of College Park in Larkspur and a fill application for Kappas Yacht Harbor at Waldo Point.

Chairman Thomas T. Storer will be absent tomorrow. He had planned to take a vacation last week cut canceled the vacation because the controversial second deck issue was on the agenda. He will take his vacation this week.

Novato Trustees To Hear Report On Schools Office

Novato Unified School District trustees will hear a report on the administration building when it meets at 8 p.m. today in the administration building.

Supt. James G. Bunker will report on the recommendations made by the Novato City Council following an inspection trip to nine sites. These sites were inspected by school district and city staffs and members of the downtown study committee. The council last Tuesday recommended the present site or one along Novato Boulevard between Grant and Tamalpais avenues.

Other items to come before the board include the agreement with North Marin County Water District for an easement across the San Marin High School site, a request by classified employees for longevity pay increase and an application for a humanities project to cost $3,000.

Arraignment Held On Theft Charges

Eugene Corvi, 33, was arraigned in Marin Municipal Court Friday on a charge of grand theft.

The Marin County Sheriff's Office contends he took jewelry worth $1,500 from the home of his sister, Lena D. Fassi, at 39 Rosebank Avenue, Kentfield, where he also resided.

Conditions Of Roads To Be Aired

SACRAMENTO (CNS) — Helpful information regarding snow conditions on mountain highways will be available this winter via radio to motorists of California, the State Department of Public Works announced today.

Equipped to receive information from elements of the State Division of Highways operating in the Sierra, the broadcasters will air hourly summaries of road conditions when weather is bad or road conditions fluctuate.

Gordon C. Luce, secretary for business and transportation, said the program originated in response to Gov. Ronald Reagan's request that all possible steps be taken to ensure the safety and comfort of motorists in the mountain areas during the winter season.

Reports principally will center on Interstate 80 and Route 50, although conditions on many mountain roads will be broadcast. The two highways are the heaviest traveled. They rate particular concern, he said, because both are located in areas where sudden storms generate 100-mile-an-hour winds, and where show packs sometimes develop at 75-foot depth.

Tlso, he said many drivers are new to snow country and neither they, nor their vehicles are equipped to meet even minor emergency.

Strike Slows The Economy

WASHINGTON (AP)—Strikes, the Commerce Department reports, slowed the nation's economy in October and were a leading factor in the smallest gain in personal income recorded in six months.

Labor disputes were partly to blame for a softening in wages and salaries which in turn accounted for much of the slower rise in income, said the department.

Personal income rose by $1.6 billion to an annual rate of $636 billion, smallest advance this year except for April's $900 million increase.

Extends Protection

WASHINGTON (AP) —President Johnson today signed legislation extending Secret Service protection for Mrs. John F. Kennedy, widow of the late president, and her two children until March 1, 1969.

Novato Bridge Site Over Indian Village

By THERON A. NEWELL

The new Novato Boulevard bridge over Novato Creek at Eucalyptus Avenue will be constructed on a portion of a buried Miwok Indian village.

Archeologists from Sonoma State College, San Francisco State College, University of California at Berkeley and Novato High School Archeology Club are all working to save what artifacts can be found there before bridge work begins, according to Donald R. Frost, county public works director.

Fragments of figurines have been found. These are on display at U.C. in Berkeley, reported John McBeath, faculty adviser to the Novato club. Also unearthed have been a European clay pipe, probably of Spanish origin, which shows that the village was in use at the time of the first Spanish settlers, McBeath said. Many obsidian pieces have also been found, he said.

McBeath emphasized that it is unlawful for unauthorized personnel to dig in, or disturb, such archeological sites.

"Last week some kids uncovered a skelton, which was unlawful," he said. Crowds of children and other onlookers disturb the diggers, he said.

The top layer of the village lies about 40 to 44 inches below the present surface of the earth, McBeath added.

Bids for the bridge will be opened next month, and construction work probably will not start until spring, Frost said, so the archeologists should have time to complete their work.

He said the bridge construction will lie only on one edge of the village. An 11-acre park area along the creek which Sunset International Petroleum Corp. donated to the city of Novato covers the rest of the old Indian site.

City Mgr. J. Julien Baget said that according to city plans, if the park bonds pass at a special Jan 23 election, work on that park is scheduled to start in 1973.

Home Looted Of Jewelry, TV Set, Bike

The Marin County Sheriff's office yesterday reported a series of burglaries last week, including one in Santa Venetia totaling more than $1,000.

Claudia Arlene Kupperberg of 124 Merrydale Road, Apt. 5, reported to sheriff's deputies Wednesday that a television set, bicycle and jewelry were taken from her apartment.

Deputies reported that the items taken including three rings and a bracelet were valued at $1,092.

James C. Fong of 715 Cabin Drive, Tamalpais Valley, reported to deputies Friday that someone entered his home and took a phonograph, valued at $75, a radio, valued at $100, and a clock-radio, value not listed.

Jerome H. Grantz of Rancho Santa Marguerita, Lucas Valley Road, reported that someone took a radio valued at $75 and an overcoat valued at $125 sometime between 6:45 and 11 p.m. Tuesday.

Odie Huntsman of Olema reported that tools and pipe fittings, value unlisted, were taken from the old Marshall School Thursday.

Stops Tormenting Rectal Itch

Exclusive Formula Promptly Stops Itching, and Relieves Pain of Piles In Most Cases

New York, N.Y. (Special): One of the most tormenting afflictions is the burning itch caused by piles. It's most embarrassing during the day and especially aggravating at night. 'Scratching' only makes the condition worse. No matter what you've tried without results—here's good news.

A scientific research institute discovered a special medication which has the ability, in most cases—to promptly stop the burning itch, relieve pain and actually shrink hemorrhoids.

Tests conducted on hundreds of patients by leading doctors in New York City, in Washington, D.C. and at a Midwest Medical Center proved this so. And it was accomplished without narcotics or stinging astringents of any kind.

The secret is *Preparation H®*—an exclusive formula for the treatment of hemorrhoids. There is no other formula like it! In case after case, Preparation H promptly stops the burning itch, relieves pain—as it gently reduces the swelling. Preparation H also lubricates, gently soothes irritated tissues and helps prevent further infection. In ointment or suppository form. No prescription is needed.

TREE-TRUNK ROAD — A newspaper correspondent inspects a corduroy road of tree trunks built by the Viet Cong inside Cambodia. It is in the Memut district just across the border from Viet Nam (UPI Telephoto)

PRINCE STILL DOUBTS

A Viet Cong Camp Found In Cambodia

(EDITOR'S NOTE: The U.S. Command in Saigon for years has charged that Viet Cong and North Vietnamese forces find sanctuary in neighboring Cambodia, charges which Cambodia's ruler, Prince Norodom Sihanouk, has repeatedly denied. Western newsmen were admitted to Cambodia to cover the visit of Mrs. John F. Kennedy. Two Associated Press men went to the border across from War Zone C, which they have covered from the Vietnamese side.)

By GEORGE MCARTHUR
and
HORST FAAS

PHNOM PENH, Cambodia (AP) — The discovery of a Viet Cong camp site four miles inside Cambodia has angered Prince Norodom Sihanouk and raised doubts about his past denials that Vietnamese Communist forces were given sanctuary in his country.

Cambodia's ruling prince reportedly regards the discovery by American newsmen as a fabrication and part of a campaign against him by the U.S. press.

We found the Viet Cong camp, very recently used, on the border opposite War Zone C, about 70 miles northwest of Saigon. It had been used for several months and was most probably a staging area for the Loc Ninh battle, only nine miles away, earlier this month.

The outspoken prince, who contends the United States is the aggressor in Vietnam, reportedly told intimates our reports were part of a campaign inspired by the U.S. Command in Saigon to justify military operations against Cambodia.

We informed Prince Minister Son Sann of the camp site before the stories were published. His initial reaction was cautious and he said he would make an official investigation. However, Prince Sihanouk reportedly accused us of hypocrisy, said our evidence was doubtful and questioned whether the camp site existed.

Evidence of Viet Cong occupancy found in the camp included military records written in Vietnamese, North Vietnamese medical supplies and similar items. Dated scraps of paper indicated the camp had been used for several months dating back to last February.

There were unmistakable signs that several hundred men, probably from a major headquarters command group, had used the camp. Occupants had left only a few days before. From the camp a heavily traveled road went through the dense jungle to the frontier, crossing it nine miles from Loc Ninh. Logs had been put down to counteract the monsoon mud. Tracks indicated many heavy trucks had used it.

One embarrassed young lieutenant escorting us said perhaps the road was used by timber thieves. Another suggested it was built by the forestry department.

American officers have charged for years that the Viet Cong and the North Vietnamese use Cambodia as a sanctuary when the going gets too rough for them.

American authorities in Vietnam have pinpointed at least 20 permanent camp sites, many of them are in a five-mile area adjoining the border where the Cambodian army does not patrol and has no significant posts. Frontier security is left almost entirely to village militiamen, a questionable force open to Viet Cong pressure and infiltration.

Competent authorities say the Viet Cong operate just as clandestinely in Cambodia as they do in Vietnam. They select areas where they are unlikely to meet Cambodian soldiers, particularly the virtually uninhabited northeast where Cambodia, Laos and Vietnam come together. Here the Ho Chi Minh trail from Laos joins the Sihanouk trail in Cambodia. In this desolate jungle area the border is not marked, and Cambodian troops stay away.

Model Place Atop Saturn

CAPE KENNEDY, Fla. (AP) — The first model of a manned lunar landing craft has been moved to a launch pad, aiming for a mid-January launching date.

The space agency and Grumman Aircraft Engineering Co., the prime contractor, placed the first Lunar Module atop a Saturn 1 rocket on launch pad 37B yesterday.

The rocket is the same one that was on pad 34 last Jan. 27 when three astronauts died as fire erupted in their Apollo 1 spacecraft.

First Winter Storm Leaves 12 Dead, One In Mudslide

LOS ANGELES (UPI)—Tons of oozing rock and mud, flooded homes and at least 12 dead today were left in the wake of the torrential storm that marked the beginning of Southern California's rainy season.

The mudslides and flood waters marooned hundreds of campers in the Angeles National Forest and killed a 12-year-old Boy Scout who was buried in his sleeping bag early yesterday.

Police blamed eight traffic fatalities on the downpour, including three deaths in a head-on collision near Camarillo. Two men died when their light plane crashed into a hillside in driving rain 70 miles northeast of San Diego.

The U.S. Forest Service reported 8.5 inches of rain in a 16-hour period at the West Fork ranger station in the San Gabriel mountains and said up to seven inches of snow fell on some mountain peaks.

Scattered showers continued in most areas today with clearing expected Tuesday.

Areas hit worst by the cascading mud were those denuded of vegetation by the massive brush fires that swept Southern California during a recent heat wave. Families were driven from their homes by the creeping mud and downed power lines knocked out electricity to more than 250 areas.

Flash floods that turned bone dry canyons into walls of water stranded more than 400 weekend campers and hikers in forest areas. About 150 persons still marooned early today were reported on high ground and out of danger.

Keith Herron, 12, and 20 other Boy Scouts were sleeping near what had been a dry creek bed Saturday night at Hoegees Campground north of Sierra Madre, Calif.

Yount Herron was buried under a "wall of water" and mud, said a Forest Service spokesman.

Los Angeles police reported 300 rain-related traffic accidents and said they could not keep up with calls for investigations.

The Weather Bureau predicted a 30 per cent chance of rain today, 10 per cent tonight and mostly sunny weather tomorrow.

Radiant Heat Pioneer Killed

MONTEREY (UPI — Noted tinkerman Reuben S. Tice has been killed by a device he invented to take the wrinkles out of prunes.

Christopher H. Hill Jr., Monterey County Coroner, said Tice, 68, was killed Friday when the lid on the machine blew off and hit him in the head.

Tice, who operated his own electrical company here, was a pioneer in electrical radiant heating.

Tice, of nearby Carmel Valley, was found by one of the employees of the company which was founded in 1920.

DEEP STEAM WALL-TO-WALL CARPET CLEANING

CLEANS DEEP actually removes soil from both the pile of the carpet and the carpet backing. It does not scrub it deeper.

GENTLE ACTION uses no brushes or scrubbing action, so it does not distort the pile of the carpet.

SAFE PROCESS scientifically developed specially for the professional carpet cleaner. It is completely safe for all carpet fibers.

RESTORES PILE the powerful extraction process removes moisture immediately, thus avoiding shrinkage, and lifts matted pile to 'like new' appearance.

ECONOMICAL reduces the need for frequent professional cleaning because it removes the deeply embedded soil and leaves no residue in the carpet fibers to collect dirt.

SOIL RETARDING AND MOTH PROOFING are included at no extra cost.

$2 Million To State For Redwood Park

WASHINGTON (AP) — Secretary of the Interior Stewart L. Udall gave $2 million today to California to help it expand its Humboldt Redwood Park.

The money, to be matched by a donation from the Save-The-Redwoods League, will go toward acquisition of a 1,620-acre addition, expected to cost about $7 million.

The Interior Department's contribution was made from a fund supported by revenues from federal recreation fees, the sale of surplus real property and the federal motorboat fuels tax.

Udall described the grant as "clear evidence of the deep interest we as a nation have in preserving these irreplaceable redwoods."

13 To Be Inducted

Thirteen men from Marin County will be ordered for induction into the armed forces Dec. 14 as the December quota from the county, Joy M. Kinzer, executive secretary of Selective Service Board 25, reported today.

Hearing Tonight On Next San Pedro Road Widening

Public hearing on the next phase of South San Pedro Road widening, from Balboa Drive to Lochinvar Road, is scheduled early in tonight's meeting of the San Rafael City Council, which begins at 8 o'clock in the city hall.

Alignment of the previous stage of the work, a joint city-county project, brought numerous complaints from owners of abutting property.

Also scheduled tonight is further discussion of a proposed ordinance requiring fencing of swimming pools, which was held over from the Nov. 6 meeting.

The council will receive a petition from 12 property owners objecting to issuance of building permits for lots above homes which front Spring Grove Avenue. The owners fear slide hazards from development of the hillside lots.

Other items on a 32-item agenda include:

Call for bids on resurfacing the city parking lot on Pacific Gas and Electric Co. property at Second and Lindaro Streets; proposed imposing a city tax on transfer of real property; city manager's proposal to raise the all-day parking fee on the municipal lot at Second Street and Lincoln Avenue from 25 to 35 cents; Marin Conservation League's letter endorsing William L. Kapranos's plan for a regional park at the junction of San Rafael, San Anselmo and sleepy Hollow; request by John W. Morton of 239 Forbes Avenue that an additional access road to Rafael Highlands be provided.

The agenda contains no mention of explanation of action taken at a closed council meeting on Oct. 9 which was not within the legal purpose announced for closing the meeting.

Baffling Wound Given With Umbrella Point

SEATTLE (UPI) — David Paul Pierre, 20, lies in a Seattle hospital today battling the effects of a stab wound in the face inflicted with the sharp end of an umbrella.

Pierre was stabbed in the left cheek bone as he and another man had a discussion about a minor traffic incident. The tip of the umbrella pierced the cheekbone, sliced upward between the eye and the nose and tore a tiny hole in the frontal skull cavity and the brain membrane.

SPINAL FLUID

The injury caused spinal fluid to ooze from the brain into the sinuses and out the nose.

Pierre has undergone surgery twice in an effort to correct the damage caused by the injury. His doctors are still awaiting the outcome of the second operation.

"I can hardly believe it happened," said the 6-foot-8 inch Pierre, "but here I am hoping for the best."

Pierre said the stabbing occurred on the evening of Oct. 9. He said as he and a friend were driving on a busy street, he followed a line of heavy traffic through a crosswalk. A man reached out and flicked the tail end of Pierre's car with an umbrella. Pierre said he was stabbed after he confronted the man about possible damage to the car.

"He stabbed out with the umbrella and I felt a blow at my face," Pierre said. "Blood poured out and the man ran."

Pierre only had emergency first aid immediately but he later began having headaches and the spinal fluid began dripping from his nose. On Oct. 20 the head pain and the dripping became so intense that Pierre's wife, Ann, took him to a hospital.

Doctors fear that Pierre's injury, if not successfully corrected, could be fatal. They say he faces the threat of meningitis from even a common cold.

Pierre moved to Seattle a few months ago from Salem, Oregon.

Carbon Monoxide Claims Three

AKRON, Ohio (AP) — Carbon monoxide fumes killed three guests, including a bridegroom, during the weekend at a plush motel. Sixty others needed hospital treatment.

Thirty-two ambulances carried the stricken to hospitals from the seven-story, 210-room Yankee Clipper Inn near here.

Killed were Bruce Plagman, 22, of Cleveland, who was married Saturday afternoon; Betty Ann Bishop 50, a dance school owner, and her sister Mary Bishop, 56, a registered nurse, both of Elyria, Ohio.

A faulty burner on a swimming pool heater caused a vent to clog, and deadly, odorless carbon monoxide fumes wafted through the ventilating system of the inn, Fire Chief Robert M. Wright of Boston Heights said.

British Mideast Proposal Is Favored For Adoption

UNITED NATIONS, N.Y. (AP) — A British resolution seeking a Middle East settlement was given the best chance of adoption among three headed for a vote in the U.N. Security Council today.

Delegates expected that the vote would come late tonight.

The three resolutions all would send a U.N. representative to the Middle East to seek settlement of issues left by the Arab-Israeli war in June, including withdrawal of Israeli troops from territory they seized.

But they differ over how he should work and what form the settlement should take as to the Israeli withdrawal from territory seized in the war, an end to Arab belligerency against Israel, the fixing of borders, freedom for Israeli shipping through disputed waterways and solution of the Arab refugee question.

The Arabs consider a U.S. resolution pro-Israeli.

The Israelis consider an Indian-Malian-Nigerian resolution pro-Arab.

The British resolution, introduced Thursday 12 days after the others, has been widely hailed as "balanced."

Diplomatic sources said that at a meeting at the U.S. mission Sunday, U.S. Ambassador Arthur J. Goldberg joined Lord Caradon of Britain in rejecting suggestions for changes put forward by Ambassadors Jose Maria Ruda of Argentina and Geraldo de Carvalho Silos of Brazil. They had been trying to merge the British resolution with an unpublished Argentine-Brazilian draft.

Jackie Returns From Her Tour

NEW YORK (AP) — Mrs. John F. Kennedy returned home yesterday after a 23-day trip to Southeast Asia and Italy.

She arrived by plane from Rome accompanied by Michael Forrestal, New York attorney and son of the late Defense Secretary James V. Forrestal.

The former First Lady, smiling but appearing a bit tired, did not make any statement at Kennedy Airport. She was hatless and wearing a white minicoat with a brown belt.

Stockpiling Of Firearms Is Reported

WASHINGTON (UPI) —A sharp increase in gun sales leads Senate investigators to believe firearms are being stockpiled now for use in riots next summer.

They point to statistics on the handguns seized in last summer's Detroit riots.

The records show the vast majority of the 267 weapons confiscated were cheap, foreign-made or military surplus guns bought in Ohio before the outbreak.

"There's nothing in the law now that stops this," said one of the investigators sent by Sen. Thomas J. Dodd, D-Conn., to examine the records of the Detroit Police Department.

Michigan law requires a permit to purchase a handgun but there is no such restriction in Ohio.

Dodd is sponsor of the Administration bill, pending before the Senate Judiciary Committee, to control the interstate sales of guns.

Tam High Trustees Will Appoint New Bond Planning Committee

Tamalpais Union High School District trustees agreed Saturday to appoint a citizens committee to plan a new bond proposal.

Voters on Oct. 10 turned down a $12,315,000 bond measure for new facilities.

Edward J. Neumeier, administrative assistant to Supt. Chester G. Carlisle, said the 10-member committee will be appointed when the board meets today at 8 p.m. in the district office at Redwood High School.

A four-hour discussion on how to cope with overcrowded schools next fall, said Neumeier, boiled down to a choice between double sessions or more portable classrooms. Trustee Bette Wallace termed more portables "pouring more money down the rathole," he reported.

A majority of trustees and staff preferred modified schedules at Sir Francis Drake and Redwood, instead of more portables, Neumeier said. Overcrowding at Tamalpais is not critical, Carlisle said.

Harold Allison, Drake principal, said the campus cannot accomodate many more students without weakening the educational program. Donald Krebs, Redwood principal, said overcrowding may mean some students will come early and leave early.

Carlisle suggested four solutions for overcrowding at Drake, all requiring portable classrooms, and three of which would require some permanent structures. Estimated costs ranged from $15,200 annual rent for three more portables to $212,800 for one portable and a student center with double use a classroom.

To avoid changing Redwood's school day, portable classrooms and remodeling, at an estimated cost of $214,700, would be needed, said Krebs.

Large portable classrooms needed at Tamalpais would cost about $15,000, Carlisle said.

The suggested measures, termed "patchwork" by Asst. Supt. Robert D. Torrey, could be financed from a district reserve fund of almost $650,000, said board chairman John C. Siemens.

Trustees are to continue their discussion tonight.

Pope Appears For Blessing At Window

VATICAN CITY (AP) — Pope Paul VI appeared in public yesterday for the first time since his prostate operation 15 days earlier and, in a shaking voice, said he hoped that "with a little patience" he could resume normal activities soon.

The eight-minute appearance for the regular Sunday noon papal blessing was taken as a further sign of the 70-year-old pontiff's improving condition. Doctors have said his convalescence is completely satisfactory.

12-Year-Old Bike Rider Still Poor

A 12-year-old Santa Venetia boy remained in poor condition today at Marin General Hospital with a head injury and broken right leg suffered Friday when a a car hit a bicycle he was riding, and dragged it 50 feet before stopping.

Patrick Dixon Gardner, of 396 Montecillo Road, was hit at Edward and Lowell Avenues by a car driven by Sandra B. Monteleone, 28, of 211 Mark Twain Avenue, Santa Venetia, the California Highway Patrol reported.

The Highway Patrol termed it an "unavoidable accident," and estimated the car's speed at about 20 miles an hour, not 50 miles an hour as erroneously reported in the Independent-Journal Friday.

Debris Cleared Off Mount Tam

Forty cans of trash and debris were carted off Mount Tamalpais yesterday by a cleanup party of junior college students from the Loma Prieta subchapter of the San Mateo Chapter of the Sierra Club.

The group picked up along Panoramic Highway from 10 a.m. to 3 p.m. yesterday, working from the Mount Tamalpais State Park Pan Toll Station in two directions, toward Stinson Beach and toward Mill Valley.

Some 20 to 30 youths participated in the cleanup, said Ranger Jack O. Perry.

Romney Questions Hanoi Bomb Halt

WASHINGTON (AP)—Republican presidential hopeful George Romney said today it would be unwise to stop the bombing of North Vietnam without knowing whether the halt would bring some "worthwhile result."

Thus the Michigan governor appeared to differ with another GOP presidential possibility, Sen. Charles H. Percy of Illinois, who proposed over the weekend that President Johnson order periodic, unannounced halts in the bombing to test Communist willingness to negotiate.

Romney dealt with Vietnam and his political hopes as he opened his first week as a formally announced candidate for the Republican presidential nomination. He threw his hat into the ring with a speech in Detroit Saturday.

In preparation for his tour abroad next month Romney came to the State Department today for a briefing by assistant secretaries of state.

Earlier Romney was interviewed on NBC's "Today" show, where he expressed belief that to stop the bombing of North Vietnam without "knowing" it could lead to some worthwhile result "would not be a very wise thing to do."

As for the domestic scene, Romney contended "We're in a fiscal mess." He said he would not favor a tax increase without spending controls.

Romney said he would bring about reductions in spending by cutting space, highway, beautification and other programs "not as essential as others."

Romney, who declared his candidacy for the Republican presidential nomination Saturday with a pledge to lead this country out of the Vietnam war, said yesterday that neutralizing Vietnam is "the most promising alternative" to the nation's current policy.

"Neutralization is a specific alternative. It deserves very careful study," declared Romney, the first major figure in either party to declare his intentions to seek the presidential nomination.

Romney spoke yesterday on the CBS television program, "Face the Nation." The program was taped Saturday.

He charged President Johnson with using a "ping pong" strategy in Vietnam, escalating the war a little, calling for peace, then escalating the war again.

The announcement to seek his party's nod at the 1968 convention in Miami, Fla., brought mixed reaction from within his own party and critical comments from Democrats.

Former Vice President Richard M. Nixon said Romney has "an excellent record of service as governor" and is "an effective and energetic campaigner."

New York Gov. Nelson A. Rockefeller said Romney would be "a moderate, able, winning candidate in 1968," while Percy D-Ill. called Romney "a great credit to the free enterprise system."

The burros of New Mexico have been known to eat broken glass, newspapers, rags and tobacco.

LUSCIOUS ROASTED Herb Stuffed Turkey makes a magnificent appearance at a traditional holiday dinner. The complete directions for roasting it to perfection in the brand new Better Homes and Gardens cook book—Favorite Ways With Chicken.

An Old Favorite From New England

How fond of a dessert can you be? Louisa May Alcott, author of "LTTLE WOMEN," liked her favorite dessert so much that she named her house after it. The dessert was Apple Slump, today's recipe, brought up-to-date with convenient canned pie-sliced apples to eliminate the tiresome "peel, core, and slice" steps which made its preparation in New England kitchens as much labor as it was loved.

In this version the apple slices are spiced and simmered, then crowned with a raisin-accented dumpling mixture, which makes a light, airy, and delectable topping for each serving. Serve it warm, right from the pan, with milk or cream if you like.

APPLE SLUMP

- 1 lb. 4 oz. can pie-sliced Apples
- 1 cup sugar
- 1 teaspoon cinnamon
- ½ teaspooon nutmeg
- 2 tablespoons butter, softened
- 1½ cups sifted all-purpose flour
- 1½ teaspoons baking powder
- ¼ teaspoon salt
- ¾ cup milk
- ⅓ cup chopped raisins

Combine canned pie-sliced apples and their liquid with ¾ cup sugar, cinnamon and nutmeg in 9-inch skillet. Cook over medium heat until mixture boils. Cream together butter and ¼ cup sugar. Sift together flour, baking powder, and salt. Add to creamed mixture and blend well. Add milk gradually and mix until well blended. Stir in raisins. Spoon on top of simmering apple mixture. Cover and simmer for 15-20 minutes or until dumplings are done. Makes 6 servings.

Spicy Beets In Holiday Setting

- 1 can (1 pound) julienne beets
- ⅓ cup red wine vinegar
- 2 tablespoons dark brown sugar
- 1 tablespoon mixed pickling spice (do not include pepper pod)

Into a strainer set over a pint measure, turn the beets to drain. Add the beets to a fairly shallow container and set aside. Into a 1 quart saucepan turn ½ cup of the beet liquid, vinegar, brown sugar and spice; bring slowly to a brisk boil — this should take about 10 minutes. Strain this spiced beet liquid (to remove spice) over the beets. (Discard spice.) Refrigerate beets, covered, for several hours or overnight. Drain before serving. Makes 6 servings.

Dress Up The Holiday Bird With A Different Dressing

Roast turkey and dressing, the most traditional Thanksgiving dish, brings to mind the story surrounding this big bird. At the first Thanksgiving dinner in New England, turkey was the crowning glory at the feast as the Pilgrims gathered in thanks for bountiful harvest they had gathered.

Still today, the turkey roast symbolizes a similar abundance for which we are thankful. We place Tom Turkey on a silver platter to bedeck our festive table settings. The meat is just as flavorful but the recipe has been improved.

Mention the word turkey and instantly visions appear of family gatherings, smell of roast turkey, mince pies, wishbones and festivities. Mention the word turkey again and a simple recipe appears for roasted Herb Stuffed Turkey which will give a magnificent appearance at your traditional holiday dinner; nothing could fit the occasion better. Stuffed with savory herbs, this turkey takes on a flavor that's a treat for tastebuds. This recipe is found in a brand new cook book, also fitting the occasion — Better Homes and Gardens Favorite Ways With Chicken. Dozens of additional recipes for preparing poultry and game birds found between the colorful covers will also make festive dishes for other holiday feasts.

HERB STUFFED TURKEY

Combine 3 quarts slightly dry bread cubes (about 15 slices), 1 teaspoon ground sage, 1 teaspoon ground thyme, crushed, 1 teaspoon ground rosemary, crushed, 1½ teaspoons salt, ⅓ cup snipped parsley, ⅓ cup finely chopped onion, and 6 tablespoons butter or margarine, melted. Add 1 cup chicken broth and toos lightly to mix.

Stuff one 12-pound ready-to cook turkey with mixture; truss. Place trussed turkey, breast up, on heavy, greased foil. Fold end of foil over breasts and place in a shallow pan, no rack). Cook for 2½ to 3 hours. Open foil for the last 20 minutes of cooking time. Remove turkey to platter; let turkey stand a few minutes before carving. Makes 9 to 12 servings.

Now you can present your own Thanksgiving turkey in a grand manner, just as the Pilgrims did long ago. You'll find other holiday recipes for poultry and game birds in Favorite Ways With Chicken. Each is festive, yet practical.

EASY TO FIX

Informal Entertaining Ideas—

Steaks for a crowd? It's possible. And you needn't break the bank to pay for them. Top quality California beef steaks come in all shapes, sizes and prices.

Consider the top round for rippled steaks to grill over the hibachi. This full flavored cut is all meat, not waste. Slice it in thin diagonal strips and saturate it with a good marinade before rippling on skewers. They fit quite neatly into grilled hot dog buns or crusty french rolls. If you're not doing the steaks outside, the simplest and best method for almost any thin steak is pan broiling in a hot skillet with just enough oil to prevent sticking.

For impromptu parties, tender economical cube steaks are easy to fix and ready in minutes. After a quick grilling, spread the sizzling steaks with onion and dill seasoned butter. Toasted slices of French bread are good blotters under these juicy, buttered steaks. Garnish the platter with ripe olives and tomato slices for colorful go-alongs.

Although not in the steak category, burgers of lean ground beef are always the younger crowd's first choice. To make stuffed burgers, put two patties together with mustard, relish, cheese and an onion slice between. Guests will be surprised when they bite into these!

RIPPLED BEEF STEAKS

The drained marinade blended with onion and catsup makes a snappy sauce to pour over the beef strips as they go into the buns.

- 1¾ pounds top round steak
- 1 cup red table wine
- 1 teaspoon seasoned salt
- 2 tablespoons wine vinegar
- 2 teaspoons honey
- 6 drops liquid red pepper seasoning
- ½ cup catsup
- ¼ cup finely chopped onion
- 6 hot dog buns

Cut steak into ½-inch wide diagonal strips. Combine wine, salt, vinegar, honey and red pepper seasoning. Pour over strips; marinate several hours or overnight. Take from marinade and thread ripple fashion on skewers. Grill close to coals until done as desired, turning once. Add catsup and onion to marinade. Heat over coals. Dip steaks in marinade and serve in toasted hot dog buns. Makes 6 servings.

QUICK PARTY STEAKS

Butter, seasoned with onion and dill adds a special flavor touch to grilled cube steaks.

- ¼ cup soft butter
- ½ teaspoon instant minced onion
- ⅛ teaspoon dill weed
- 4 cube steaks (about 1½ pounds)
- 4 slices French bread
- 4 slices French bread
- Hickory smoke salt
- Pepper
- Sliced tomatoes
- Ripe olives

Blend butter with onion and dill weed. Grill steaks quickly about 2 or 3 minutes on each side. Be careful not to overcook them. Toast bread. Spread one side with seasoned butter and place on hot platter. As steaks come from grill, season lightly with smoke salt and pepper. Roll over loosely on toas Spread remaining seasoned but ter over steak. Garnish platte with sliced tomatoes and rip olives. Makes 4 servings.

RELISH STUFFED BEEFBURGERS

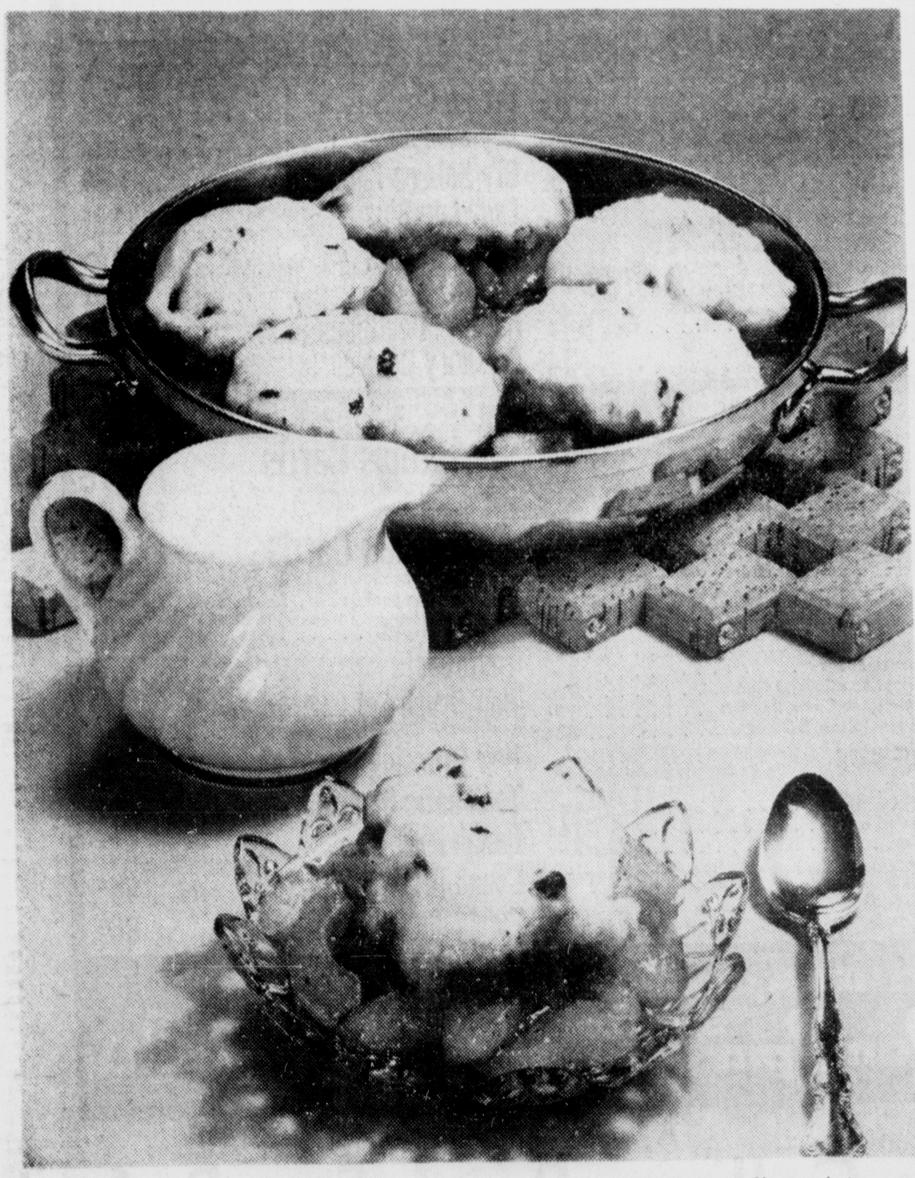

These hearty burgers are dou ble patties with the usual con diments cooked inside.

- 1 pound ground beef chuck
- 1 teaspoon salt
- ½ teaspoon monsodium gluamate
- ¼ teaspoon pepper
- 2 teaspoons prepared mustard
- 2 tablespoons pickle relish
- 2 tablespoons grated blue or Cheddar cheese
- 3 thin slices onion

Lightly mix beef with salt monosodium glutamate and pep per. Divide into 6 portions shape each into 4-inch patty Combine mustard, pickle relish and cheese. Spoon on 3 patties top with onion slice. Cover with remaining 3 patties and pres edges together to seal. Grill broil or pan-fry to desired degree of doneness. Makes servings.

STEAKS AND Beefburgers are sure to delight any crowd, whether young or old. To make stuffed burgers, put two patties together with mustard, relish, cheese and an onion slice between. Garnish your platters with ripe olives and tomato slices for colorful go-alongs.

THIS OLD New England favorite — Apple Slump—has apple slices spiced and simmered, then crowned with a raisin-accented dumpling mixture. Serve it warm, right from the pan, with milk or cream.

Bay Area Scout Council Sets Date For A Delegates' Forum

Five hundred Girl Scout volunteers will attend a special Delegate's Forum of the San Francisco Bay Girl Scout Council Nov. 30 at Southland Community Hall in Hayward.

The forum, scheduled from 9:30 a.m. to noon, has been called by Council President D. K. Gilmore so that representatives from all around the Bay may examine and discuss the report of a Camp Facilities Study Committee. All Girl Scout adults are invited to attend.

"The recommendations of this study committee have great implications for Bay Area Girl Scouting," according to Gilmore. "While the board of directors is charged with implementing the plan, the board wishes to know the opinions of delegates before taking action. The Committee began work in the summer of 1966, studied statistical information on size and costs of each of the Bay Council's camp sites, questioned the campers themselves as to their likes and dislikes, and visited 15 sites to observe them in operation. We are now ready for an overall development plan to serve Bay Area girls through the year 2000."

DELEGATES from the four Marin County Associations are Mesdames Robert Hiebel, M. P. Bertini, James Chatfield, Frank Jensen, Jack Kirkwood, William McKie, John Machado, Richard Reiley, Kai Thomsen, Richard Vladyka, Robert Walk from the Novato Association; John Robb, Frank Klarkowski, Kenneth Brown, Donald Kimball, Richard Listug, Raymond Mann, Paul Thompson, Jerry Krouse, Wesley Page, Stanley Robbins, Robert Burns, William Follette, George Tuttle from the Mission Rafael Association; William Desmond, John Cooke, Joseph Purcell, Alex Kazakoff, W. B. Everest, Samuel Rouder, Charles Lavaroni, James Kephart, Richard Hart, Frank Sousa, George Daum, Joseph Prola, Miss Dee Rodarte of the Marin Del Centro Association: Mesdames Richard Parino, Robert Black, G. L. Ellman, Thomas Gay, Leo Lowery, George Coleman, Fred Hawes and Mrs. David Ring from the Richardson Bay Association.

TO PUBLISH ENGAGEMENT AND WEDDING STORIES IN THE I-J

Forms for engagement and wedding story information to be printed in the Independent-Journal are available from the I-J offices in San Rafael, Novato, Mill Valley, Tiburon and Corte Madera.

Wedding forms should be returned promptly to the I-J office in your area and information will be printed immediately after the wedding. Photographers should be urged to submit a print of the wedding picture promptly. Color photographs cannot be used.

The Independent-Journal does not print wedding stories more than 30 days after the wedding date.

An engagement form may be accompanied by a professional black and white photograph, which may be picked up at the I-J office after publication. Snapshots, polaroid or color pictures are not suitable.

Two Classes In Zen Cookery Are Being Offered At Co-op

Two classes in Zen Cookery will be offered at Co-op Marin on Dec. 2 and 3 at 2 p.m. They will be conducted by Dr. Kasumitsu Mako Kato, a director of the Center of Asian and African studies and associate professor of Foreign Languages at California State College at Los Angeles.

Doctor Kato's cooking experience began at the age of 15 in the Kyukoku Zen Monastery where he was an aide to the chief cook and later assisted at the Kakue-zan Zen monastery. For the last several years he has been interested in Japanese cookery from the standpoint of philology and has gathered recipes from all phases of Japanese cookery.

The aim of this series of Japanese cookery is to be acquainted with the basic ideas, techniques and varieties which may be enjoyed in daily cooking. Some examples will be given and demonstrated in the course from Shojin Zen (Zen vegetable cookery), Tusoku (imperial), Keiseki (tea ceremony), Fukai (later Zen monastic) and Shippoku (Chinese style cooking developed in Nagasaki).

Pre-registration is required at the Education office at Co-op Marin, Corte Madera.

HELEN HELP US!

By HELEN BOTTEL

Halfhearted Fiancee Can Become Brokenhearted Wife Without Help

DEAR HELEN:

Should friends stay uninvolved when they know a wonderful girl is getting married because she is afraid to "cause trouble" by calling off the engagement?

This girl is not very strong-willed. She is afraid of her fiance. He is selfish and domineering and his parents back him up. A year ago she tried to tell him it was all over, but he made such a fuss, and his folks brow-beat her so much, that she caved in.

The marriage is set for December. Showers have been given. Invitations are out. His parents are master-minding the whole show, as she has only a widowed mother who can't or won't see how unhappy her daughter is. After all, the young man is well-off, and that creates blindness in relatives.

Up to now her friends have stayed on the sidelines. Should we encourage her to think for herself — and to heck with family, arrangements, recriminations, etc. — or should we just drink a toast to a halfhearted bride?—SILENT FRIENDS

DEAR FRIENDS:

If this girl is as browbeaten and mismatched as you say, she certainly needs to know her friends are on her side. Your sympathetic listening may keep a halfhearted fiancee from becoming a broken-hearted wife. —H.

DEAR HELEN:

Your advice to "Trapped" was excellent. Thirty years ago, I, too, was trapped. I married the man I had been engaged to for four years, because I just couldn't tell him I didn't love him. I truly believed he loved and needed me.

After the wedding he became a different person. The bitter truth took years to unravel: He, too, had felt trapped and hadn't let me know. Our marriage was based on deceit, and the dishonesty tore it apart. I grew neurotic. He stopped trying.

After the divorce and his remarriage we became friends. The sad part is, I fell in love with him somewhere along the way, but by then it was too late. The children have lost their father and I am—REPENTING AT LEISURE

DEAR R.A.L.:

How true is that old Russian saying, "There is no greater loneliness than being lonely by the pair." But now that you're single, don't spend the rest of your life "repenting," or mourning lost love you never really felt. Get on with it!—H.

DEAR HELEN:

Here's another side to the "Unmarried 'Married'" problem. In our city, it was learned that many couples on welfare weren't really married because they couldn't afford divorces from former spouses. However, they lived as families, some for many years, and, of course, produced children.

To make matters more legal, welfare arranged to provide divorces for separated couples.

But when a respected and seemingly married couple applied for divorces from long-gone mates, guess what happened? The law stepped in and said, in effect, "You're living in sin, therefore we must take your children away and put them in decent foster homes." Naturally, the couple fought back.

The case, at this writing, is still to be tried. One thing it has accomplished: a close-down on applications for divorce via the welfare agency. These folks would rather live as respectable bigamists than chance losing their children in an attempt to make it legal.—LAW STUDENT

John S. Graham Will Claim Bride In December Rite

The engagement of Terrell Edwina Barbieri of West Long Branch, N.J., and John Stephen Graham has been announced. John is the son of Capt. (Ret.) and Mrs. Selwyn H. Graham of Piedmont, formerly of San Rafael.

The bride-elect, the daughter of Mr. and Mrs. Aldo Barbieri of West Long Branch, is a graduate of Vassar College.

John is the brother of Mrs. Charles Harry of Baltimore, Md., and Susan and Peter Graham of Piedmont. He was graduated from San Rafael High School and Yale University where he was a member of Phi Gamma Delta fraternity. He is presently attending Naval Officers' Candidate School in Newport, R.I.

A Dec. 30 wedding is planned at St. Jerome's Church in West Long Beach, N.J., after which the couple will reside in Athens, Ga.

3,000 KNITTERS

All For A Merry Christmas At Sea

By GAY PAULEY
UPI Women's Editor

NEW YORK (UPI) — Since early last spring, women and some men have been knitting one purling two for a unique volunteer project — to provide shipboard gifts for merchant mariners who will be at sea on Christmas Day.

Three-thousand knitters representing every state, all ages from teens to the 80's, even one blind woman, have used up three tons of yarn to produce 14,000 garments. They include sweaters, snug helmets, scarves, gloves and socks.

Now, another group of volunteers is finishing up the project, packing gift boxes and loading them onto ships that come into New York harbor during the pre-Christmas season.

In all, some 9,600 boxes will go overseas, destinated for ships of any flag which use the harbor. And seamen in hospitals also are remembered.

THE WHOLE project is steered by the Women's Council, auxiliary of the Seamen's Church Institute of New York. During one of the days the volunteers were wrapping, we visited with some of them, with Constance West, the council's executive secretary, and Gladys Cooper, who oversees the "Christmas room" at the institute's headquarters on the southern tip of Manhattan.

Some women were assembling small sewing kits, some boxing hard candies, some wrapping combs, some signing greetings from Seamen's Church which go into each box. For the men at sea not only get the warm clothing, but a lot of other small needs such as daily diaries, writing kits, and this year a folding world map.

Most of the women who do the wrapping and the knitters become volunteers because friends are volunteers. Or they hear of the project through their churches.

Tasty Cheese

The flavor of cheese is affected by its temperature. At room temperature, cheese develops its most flavorful, distinctive taste. Twenty minutes to an hour at room temperature usually are required to bring cheese to top tastiness.

THE BETTER HALF — By Bob Barnes

"Excellent cuisine, Angelo . . . Would it be possible to arrange space for two next Saturday afternoon?"

The Dress Story For Spring

It's the story of a poseur. . . Spring '68's dresses appear to be coats — or suits — or shirts. Or they are chameleon-like . . . able to change posture with removal of a belt or jacket.

Whatever the guise, the silhouette is newly graceful, flattering and feminine. The new ease is embodied in modified fullness gathered from a high yoke; or in a form-enhancing A, wider at the bottom, and waist-defined; or side-wrapped and buttoned full-length. Pleats dominate . . . falling from a yoke or from the waistline.

Belts are an important addition — more and more at the natural, others at a lifted or lowered waistline.

Single most noteworthy change: Softness. It's a softness that clings, that flares, that moves.

California loves linen, silk, color as well . . . not washed-out prints in cotton and synthetics.

Softer styling takes to softer color as well. . . not washed-out and pale, yet not "hot." Remember the charm of an apple green, blossom pink, creamed yellow. Remember how cool black can look . . . the "rightness" of brown with white.

MUSIC REVIEW

Opening Is Exciting For Marin Symphony

By MAYBELLE SPECKMANN

Last night's opening of the Marin Symphony's 16th season was an exciting event.

It was the first important concert to take place in the College of Marin's new theater, which was packed to capacity, with overflow requiring chairs to be placed in front of the stage.

GUEST SOLOISTS

Maestro Sandor Salgo made it a memorable occasion with a splendid performance of three widely differing works that tested the mettle of every orchestra member and the two young guest soloists, alto Margery Tede and tenor Rod MacWherter, both of whom have appeared in this year's San Francisco Opera season.

Major work of the evening was "Das Lied Von Der Erde" (Song of the Earth) by Mahler, that very much in vogue post-romantic composer. The balance between the voice and the 85-piece orchestra was beautifully maintained by Salgo and the singers in this symphony of song that also has soloistic treatment for some instruments.

Miss Tede, whose voice was pure, clear and rich, gave a stunning performance to three of the six Chinese poems translated into German that provide the text for the work. An outstanding virtue was her exceptional gift for communicating the meaning and emotional significance of the words. The last poem was enhanced with lovely oboe and flute passages.

Rod MacWherter's tenor in the other three poems was overwhelming in power that involved unnecessary effort for this size auditorium. Even allowing for the more virile subject matter and the jagged, skipping, angular vocal line, delivery was stabbingly staccato. Tonal quality was gorgeous, but a smoother transition was needed between his low and high registers.

MANY TECHNIQUES

The 24 preludes of contemporary French composer Marius Constant were an electrifying experience, with interest centering in variations of timbre in a big orchestra that included unusual instruments such as the glockenspiel and bongos. The work was an interesting synthesis of many contemporary techniques, including 12-tone writing, atonality, electronic sound and even jazz.

There was much excitement in the contrast between the almost vocal line of isolated instruments and great masses of sound, including violent percussion and extremely high violins building to crashing climaxes.

It was frankly experimentation with sound for the sake of sound, but it was intriguing.

The concert opened on a low key with Mozart's seldom heard Symphony No. 33 in BFlat Major K319. This was a chamber piece with much smaller orchestra. In the gentler aspect of the galante style that stresses the pleasing of the ear rather than inspiring of thought or stirring of emotions.

It was captivating but might have benefitted from stronger sound from the low strings.

Painting Exhibit

A one-woman show of oil paintings by Edith Olson of San Anselmo is on exhibit at the Patrick Brothers Gallery, 500 San Anselmo Avenue, San Anselmo. The exhibit will continue through Dec. 15.

'Mr. Roberts' To Be Given Second Time

Cast for "Mr. Roberts," spring production of the Novato Community Players, was announced today by Vincent McGovern, director.

The play will be presented on March 1 and 2, and 7 and 8, almost exactly 20 years after it first opened on Broadway. The same play was also presented seven years ago by the group.

James Van Der Beets, who played the role in the previous production, will again have the title role of Lt. Roberts.

Michael Jones will be Ensign Pulver and Paul Terry will repeat his performance as Doc. Ralph White will be the chaplain, the villian of the play.

Elaine Jacob has the only female role in the play, Lt. Ann Girard.

Others in the cast include Ronald Cline, Edward Hamann, Otto Haiungs, Kenneth Craig, Michael Michaelson, Ronald Reinhartz, Joseph Jacob, Robert Comaduran, Juan Harman, Charles Raye, Albert Richter, John Crozier and William Hints.

Paul Terry is the producer.

Pact Is Near In TV Strike

WASHINGTON (AP) — Tentative agreement is reported in the two-month-old strike of the AFL-CIO National Association of Broadcast Employees and Technicians against American Broadcasting Co.

The Federal Mediation and Conciliation Service announced negotiators for both sides reached agreement yesterday.

NABET officials in New York said a general membership meeting has been called for 7 p.m. tonight. But it was not immediately clear whether a ratification vote would be taken at that time.

OPERA REVIEW

Better Performance In Verdi Production

By MAYBELLE SPECKMAN

One of the advantages of attending a second performance of an opera is the possibility of improved performance. Such was apparently the case Saturday night with the San Francisco Opera production of Verdi's "Un Ballo in Maschera."

With a number of faults largely corrected, such as those resulting from Norwegian tenor Ragnar Ulfung's intonation suffering from illness or nerves in his debut here, this opera, which has one of the best of Italian libretti, could hardly fail to delight with soprano Leontyne Price in one of her greatest roles as Amelia and that bewitching sprite soprano Reri Grist at her best as the young page Oscar.

MOST IMPRESSIVE

Ulfung in the leading role of Riccardo has a bright, at times almost piercing tenor, and was most impressive in his convincing acting as Amelia's illfated lover, but he was made up this time a little too youthful for Miss Price's mature Amelia.

All the great music was in Act II, except for two high points in Act I. These occurred when Reri Grist's coloratura took flight with pristine clarity in the ebullient aria "Volta La Terrea" and when Mignon Dunn's rich contralto in the role of the fortune teller Ulrica reached some thrilling heights in the incantation aria "Re Dell' Abisso Affrettati."

The Act II jewels were two solors, a quintet and a quartet.

In the famous "Morro Ma Prima in Grazia," Miss Price sang with acrobatic vocal agility, glowing warmth greatly enhanced by cello obbligato and possibly the most exquisite pianissimo one is like to hear. Tone was perhaps a little harsh on the highest, loud notes.

Cornell MacNeil as Amelia's husband Renato, though somewhat handicapped by an unprepossessing appearance and some stolidity in acting, had a wonderfully vibrant and resonant baritone that was very moving in the other famed Aria, "Eri Tu Che Macchaivi." Its effect was increased by lovely harp and flute obbligatos.

BRILLIANT PART

Other heights were reached in the dramatic quartet of MacNeil, Price and the basses, Ara Berberian and Federico Davia, punctuated by the villainous ha-ha-has of the latter two as conspirators, and especially in the Act II concluding quintet sung by those four and Reri Grist. It was a triumphant realization of this brilliant part writing.

As he has in other minor roles this season, young baritone James Allan Monk as a sailor showed major promise.

As for the conducting of Mario Bernardi, opinion probably varied according to one's taste. For us it was colorful and exuberant, but sometimes too loud for the voices. Staging and set design, while not spectacular, as some have been this season, were satisfying.

This opera will close the 1967 season on Nov. 26.

The $7.5 million ocean liner Titanic was lost in 1912 on her maiden voyage from England to the United States.

Economy Report Due Tonight At Fairfax Council

Three items on the agenda for tonight's Fairfax City Council meeting may bring new airing of differences over the city's governmental setup and methods.

They are a report by Councilmen Peter R. Arrigoni and Adelaide Wilson on "economy in city government," a report by Councilmen Frank J. Egger and Robert R. Sousa on flat-rate salaries for department heads, and a letter from the State Department of Housing and Community Development on the condition of Fairfax city buildings. Following the third will be discussion of transferring funds for an earthquake study of the buildings.

The meeting will begin at 8 p.m. at the Fairfax Women's Club.

Up for adoption will be an ordinance putting Fairfax into a new field of municipal revenue by imposing a city real estate transfer tax.

Also up for discussion will be a contract with the state for flood relief funds; an agreement with Peat, Marick, Livingston and Co. for a traffic study; septic tanks; street frontage improvements; encorachment permits on Spring Lane, and revision of the special use permit ordinance.

Bridge Traffic

Traffic on the Richmond-San Rafael Bridge during September totaled 459,906 vehicles, up 6 per cent over September, 1966, the state Division of Bay Toll Crossings reported. Total revenue collected on the bridge since it opened 11 years ago was $35,043,471 through September, the division said.

Mailliard Wins Fourth Count As San Francisco Supervisor

SAN FRANCISCO (UPI) — James Mailliard III tentatively finds himself today a member of San Francisco's Board of Supervisors after the fourth frustrating tally of last Tuesday's votes.

So far Mailliard has won twice in the confused recounting, and his opponent, incumbent Supervisor Kevin O'Shea, has also emerged on top twice in the on-again, off-again contest.

"There must be some mistake," O'Shea burst out after the latest recount, which showed him the loser by 9,152 votes. The third count has shown him the winner by 76 votes.

O'Shea announced he would meet with Registrar of Voters Basil R. Healey today to discuss the situation, and then would decide whether to ask for still another recount.

Healey blamed the worst voting mixup in San Francisco in decades on errors in calculation in the 20th Assembly District, where O'shea led Mailliard by some 8,000 votes in earlier counting. The "official" count announced Friday showed Mailliard the winner by 1,000 votes in the 20th District.

City Hall officials have already begun planning for conversion of San Francisco's vote count system to some sort of computer arrangement by the next election.

The O'Shea-Mailliard battle is the only race for which the "official" count is now completed, but it seemed unlikely that further counting would change the outcome of other contested offices.

Mayor - elect Joseph Alioto seems assured of keeping most of his unofficial margin of 15,893 votes over challenger Harold S. Dobbs. The Mayor - elect and his wife, Angelina, returned Friday from a post-election holiday in Paris.

Auditions For Play Will End Tonight

Final auditions for "Bell Book and Candle," which willl be presented in January by the Tiburon Cove Players, is scheduled at 8 p.m. today at the 41 Main Street Theater above Tiburon Tommie's in Tiburon.

Parts are open for a wide variety of characters. Dan Totheroh will direct the play.

Jail Changes Of $20,000 Is Sought

Marin County Sheriff Louis P. Mountanos is asking for changes and additional security facilities in the new jail at the Hall of Justice that will add $20,000 to the cost of the new building at the Civic Center.

The request for the alterations will come before the Marin County Board of Supervisors tomorrow.

Changes requested include the relocation of outlets for jail television cameras to provide better coverage, more security doors, remote controlled devices for security doors, and a loudspeaker in the exercise yard to call individual prisoners. Other changes will expedite jail cleaning and maintenance.

The county administrator, the architect, and the director of public works said they join the sheriff in recommending the changes.

The sheriff's office and jail will be located at the extreme north end of the new Hall of Justice which is under construction.

Mobile, Ala., is the wettest metropolitan area in the continental United States, with an average of 63.18 inches of rain a year.

SCHOOL PRESIDENT—Tom Bales, student body president at San Rafael High School, gets ready for football practice. A young man of many interests, he approaches life with enthusiasm for getting things done.

THE GENERATION GAP

Student Leader Urges A More Realistic Attitude

By JOHN F. KEARNEY

(First of a series on student body presidents in Marin high schools.)

In a world whose people are brought closer each day by informed opinion and knowledge, do the generations drift further apart on a sea of misunderstanding and ignorance?

Must there always be an intellectual no-man's land between the budding ideas of teen-agers and the astute awareness of adults?

GENERATION GAP

Tom Bales, 17-year-old student body president of San Rafael High School, admits there is such a generation gap but believes the students themselves can help as bridge builders.

"Some students think the faculty are running their lives but this is not true," he said. "I think some of the students should take a more realistic attitude with less Utopianism."

"They strive always for the perfect without regard for the currant situation. If they would only look at conditions in other high schools around the county, they would see how better off we are here at San Rafael High."

He added, as an afterthought, "I know this is a pretty conservative position, but I feel a right one."

SCHOOL PRIDE

Whatever the pride in their hig school — and Bales says there is much of that at San Rafael — students there, as elsewhere in today's "now generation," are demanding with a loud voice a say in the running of things.

And those enlightened enough to become involved in student government are finding the noise has to be loud indeed to overcome two main obstacles.

These are hinged on a lack of communication both with people in administration and, ironically, with the bulk of the student body, who, leaders feel, don't know what is happening in their own government.

In the current issue of the school newspaper Red 'n' White a letter to the administration from the student congress suggests whenever faculty contemplate action closely affecting students the congress be informed of it.

An article by student Jeff Godwin complains there is behind-the-scenes administration veto of student proposals before they are seen by congress.

GOOD REPORT

"Virtually every measure introduced has been carefully studied by the dean of student affairs. For this reason, only resolutions acceptable to him pass through congress, giving this body a suspiciously rubber stamp-like aura," he writes.

But in fairness, both Godwin and Bales acknowledge that student-administration relationship at San Rafael High is as good if not better than in Marin schools.

"Evidence of this," said Bales, "is the senior privilege system which was brought into being by the administration and is unique among schools in the county."

Seniors with a C average, a clean disciplinary record and the permission of parents get cards entitling them to go off campus during the day. "This is working out so well, we hope it will lead eventually to an open campus," said Bales.

He spoke of activities planned to interest the student body majority so far not involved in government.

"A lot of the kids feel that student government doesn't do anything for them, nothing that affects them directly," said Bales. "Of course they attend football games and dances: these are always big crowd attracters."

Among the more serious events proposed is a forum on the abuse of marijuana and drugs.

The student president said he had made a poll of the school and found that 20 per cent wouldn't touch marijuana under any circumstances, 10 per cent would have no qualms about smoking the drug, while the remainder were in a position where they could be swayed one way or the other.

"These are the people we have to get at," said Bales.

NO COMMENT

Unlike his father, Marin Country Dist. Atty. Bruce B. Bales, young Bales would not comment on whether punishment on some forms of marijuana possession should be changed. "I just go along with the law as it stands now," he said.

His father has advocated a judge be empowered to reduce individual cases of possession from felony to misdemeanor at the judge's discretion.

Young Bales hasn't his eyes on the law as his profession but wants instead to be a doctor. He is a member of Future Doctors of America and has applied for admission to Yale or Stanford. He also belongs to Teen-age Republicans.

He has had a full share in student government, having been president of the junior class and four years in the student congress. He includes government among his favorite courses at San Rafael.

A keen outdoorsman, he is an assistant scoutmaster of Troop 55 in San Rafael and goes surfing, skiing, sailing, hiking and camping.

He has been considered by the school a valuable football player, first with the freshman team, then junior varsity and last season he played with the varsity turnout.

Merger Ballots Out; 'Yes' Vote Forecast

Members of the Marin County Chamber of Commerce and the Marin Visitors Bureau have received ballots in the mail asking them to approve the merger of the two organizations.

Officials of the organizations are confident enough of getting a "yes" vote from members to have prepared new incorporation papers dated Dec. 1 for the organization, said Richard P. Nave, president of the chamber.

BLENDS SERVICES

Officials of both organizations say the merger will blend their two services—encouraging tourists to come to Marin and answering inquiries about the county.

The main advantage of the merger, said Donald Helbig of Greenbrae, president of the now defunct visitors bureau, will be to cut the cost of operation.

The chamber and bureau used to maintain side-by-side offices at 824 Fifth Avenue, also next to the San Rfael Chamber of Commerce. The merger will bring the visitors bureau and chamber into one office. It may mean that the Marin Chamber then will move into the office of the San Rafael chamber which has leftover space, said Carroll A. Snyker, manager of the Marin chamber.

FOR A MONTH

The visitors bureau has not been in operation for at least a month and has been referring inquiries to the chamber office. In November, the bureau officials asked the Marin County Board of Supervisors for an advance on promised funds because it was short of money.

Helbig said that since he became visitor bureau president in April he has cleaned up the organizations debts and the bureau now has $3,400 in the bank.

Supervisors approved spending a total of $30,000 on the bureau and county chamber for fiscal 1967-68, splitting it four-sevenths for the chamber and three-sevenths for the bureau.

The visitors bureau has in the past received donations from individuals and businesses which Helbig "guessed" totaled $1,000 to $1,500 a year, in addition to county funds.

OTHER FUNDS

In addition to county funds, Snykes said the chamber receives $6,000 to $8,000 in contributions, mainly from business organizations such as groups of banks or groups of real estate agents and large individual firms.

Under the merger proposed to members, the new board of directors would have 18 members, chosen from the members of the present boards of the two groups. Nave would be president of the chamber and Helbig would be first vice president.

Abandoned House Hit By Blaze

An abandoned two-story house at Belle Avenue and Irwin Street was heavily damaged by fire last night. Some gasoline or kerosene cans were found in the kitchen, but firemen said they weren't sure the fire was deliberately set.

A San Rafael firemen, Capt. David Turrini, fell through the back porch and suffered a cracked rib.

The house had been condemned by the California Highway Department for widening of Highway 101 and had been vacant for several months.

Part of the main floor and upstairs rooms on the north side of the house were burned out.

Fire Marshall Kenneth Mazza said it was difficult to determine whether or not the fire was set, although the empty kerosene and gasoline cans were found in the kitchen. Some empty fruit juice or vegetable cans were also found.

Bike Stolen

Mrs. Lisa L. Pouteau, of 150 San Rafael Avenue, Belvedere, reported to sheriff's deputies yesterday that her son's gold stingray bicycle with a Belvedere license was stolen from the Old Spanish Trail in Tiburon between noon and 5 p.m.

Friday Night Openings Considered By Stores

San Rafael's downtown stores may change from Wednesday night to Friday night openings.

Tom McGruder, chairman of the business merchants committee of the San Rafael Chamber of Commerce, said members present at the committee's last meeting voted on a trial return to late hours on Friday during the Christmas shopping season. He said most small stores planning on making the change will start the new schedule Dec. 1, while others will wait until Dec. 8.

Many large stores are already observing later hours on Friday and will be open nightly during the Christmas shopping period which traditionally follows Thanksgiving.

The business merchants committee voted to change from Friday night to Wednesday night openings about a year ago. Since then some stores have been open both nights, McGruder said.

Marijuana Sales Arraignment Held

William George Moore, 36, was arraigned in Marin Superior Court today on a charge that he sold a large quantity of marijuana to an undercover state narcotics agent.

Moore, of 510 Johnson Street, Sausalito, allegedly first sold the agent, Jesse Foster, enough marijuana for about 50 cigarettes. Then, on Sept. 4, he reportedly sold him 10 ounces of marijuana, enough for 500 cigarettes and worth about $500 at street sale value.

Five Persons Injured In Auto Crash

Four persons were injured in a rear-end collision in the 2000 block of Bridgeway in Sausalito yesterday afternoon, Sausalito police reported.

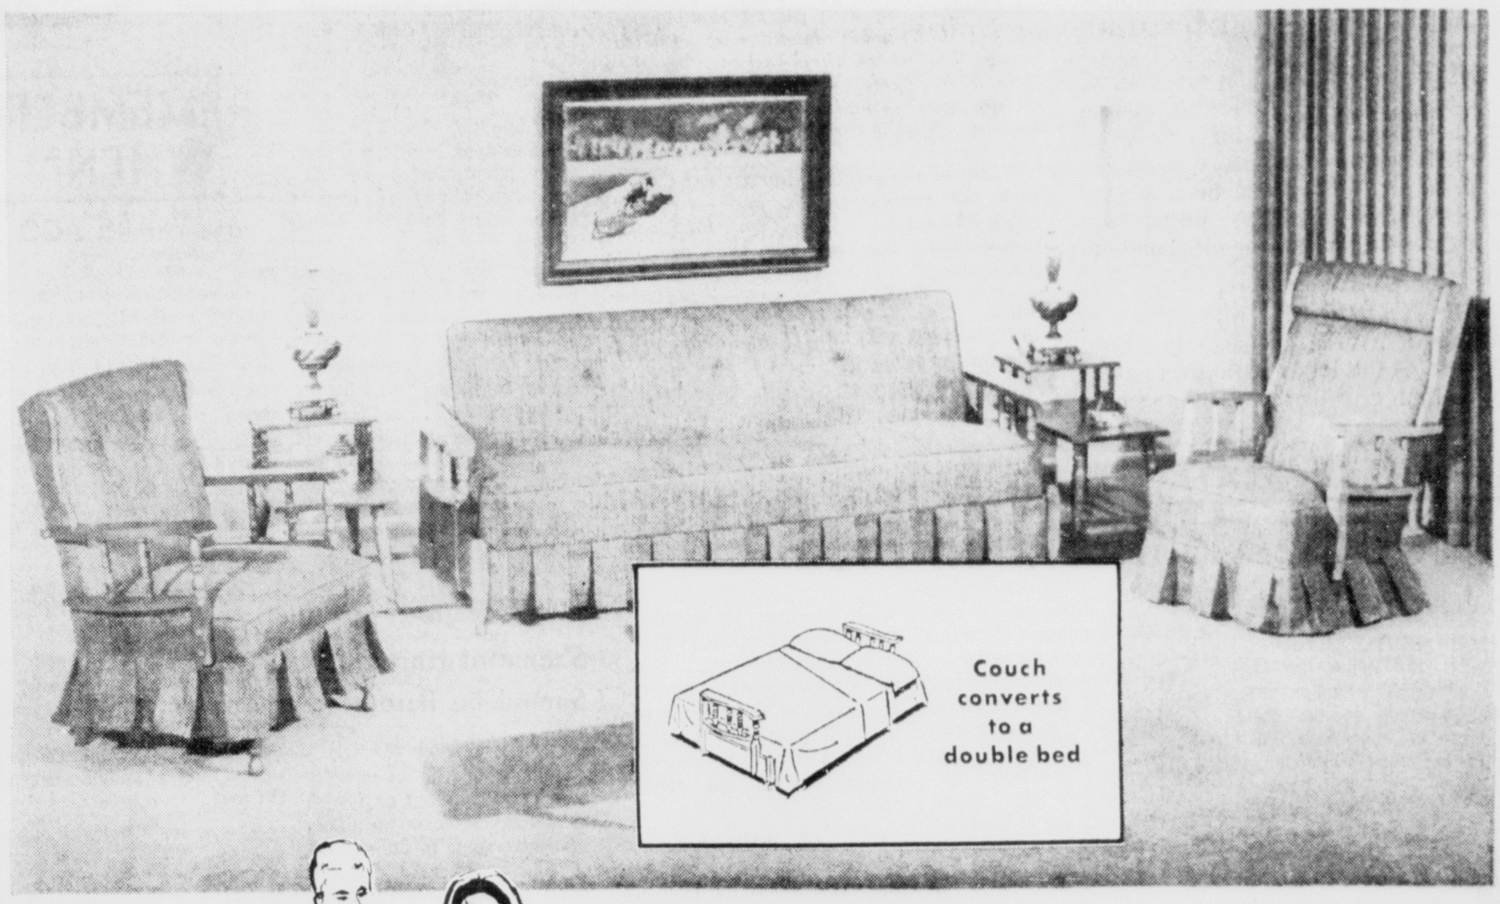

A car driven by Mrs. Ruth Burke, 43, of 35 Upper Oak Drive, San Rafael, collided with the rear of a car driven by Loreto Alvarado, 52, of Oakland, which was slowing to make a left turn, officers reported. Both cars were traveling north at 1:35 p.m.

Mrs. Burke received minor scrapes, and her daughter, Kathy, 13, suffered knee scrapes, officers said. Two passengers in the Burke car also were injured. Audrey Griffin, 29, of San Diego, who suffered facial lacerations, and Betty Merrill, 54, of San Diego, who suffered scrapes of both legs and nose and rib pains, were treated at Marin General Hospital.

U.S. Population Milestone —What Lies In Future?

Around 8 a.m. (Pacific Time) today, a device on the wall of the Commerce Department lobby at the national capitol recorded the population of the United States at 200 million persons.

The "census clock," its mechanism pre-set on the basis of the best current statistics available to the Census Bureau, keeps track of the constatly increasing population. At the present growth rate, it shows an increase of one person every 14½ seconds.

BEFORE COLONIZATION by Europeans began, the population of what is now the United States was never more than a few million. It took until 1915 for it to reach 100 million — nearly four centuries after the Spaniards attempted to plant their first colonies in the Southwest and more than three centuries after the English established their first settlements on the eastern seaboard.

Now that 100 million figure has been doubled in 62 years — assuming the census clock is right, and it is doubtless very nearly right.

There have been predictions that it may double again by about the year 2000. Such predictions, however, are subject to a great many "ifs."

SO FAR, the United States' increase in production has outstripped its population growth.

While the population increased 1.15 per cent last year, the gross national product (output of goods and services) went up 5.8 per cent.

The 200-million population mark is reached as the United States is in the 81st month of uninterrupted production increase — the longest period without a business recession in its history. (True, this has been tied to a war economy; nevertheless it is an impressive record.)

THE CHARACTER of the population is changing as the numbers increase.

Just over 70 per cent of those 20 million people live in cities and metropolitan areas. The farm population of what was once an agricultural country has declined to less than six per cent of the total.

Despite increasing life expectancy, the median age of America's people has been going down for nearly 30 years. Last year it was 27.8 years; in 1950 it was 30.2 years. So a bigger percentage of our 200 million are young people, with young ideas and enthusiasms.

THOSE OF US who live in metropolitan area are acurely aware of some of the less pleasant effects of population growth: congestion, smog, difficulties in disposing of wastes.

However, even the prospect of possible 400 million in the United States in less than another 50 years need not be so frightening. There is plenty of room. The ills we suffer arise from concentration of population.

The U.S. has 3,628,150 square miles over which to spread its growing millions. The People's Republic of China embraces less than three-fourths that area, with 2,279,134 square miles. Yet its population was estimated last year at 760,300,000 — nearly four times that of the U.S. And, although a portion of the Yangtze River Valley is among the world's most densely populated areas, there are miles upon miles of China with virtually no people.

As the census clock ticks its inexorable way, recording one more person every 14½ seconds, we can look to the future as presenting new callenges but not necessarily unbearable difficulties.

We are not yet ready for the Bomb to end it all.

Earth's Perfume

Whenever we return to Marin after an absence, during the rainy season, we are inevitably struck by the subtle fragrance of the fertile earth. We have tried to analyze the curious mixtures of aromas which make up this earthy perfume.

Part of it is the natural leaf mold and part is the evergreen fragrance of the Norway spruce. And broadleaf trees have a good smell, too.

But the extremenly subtle aroma of the good topsoil—a rich, loamy perfume of damp earth. It strikes a chord in the primitive psyche—the perfume of the ancient agriculturists who were our teachers. This feeling of need to work the soil seems to be latent in most men.

The earth's perfume calls us.

Reversal of the ages: It used to be that bald-headed old men sat on the benches on the courthouse lawn, and crew-cut youths looked at them askance as they walked by. Now, long-haired youths sit on the benches and bald-headed old men look at them askance.

With all the satellites circling the earth that can carry cameras, radio transmitters, TV relays, bombs, etc., how come nobody has sent up one that can disperse smog?

Gov. George Romney's announcement that he will seek the Republican presidential nomination ranks in surprise value with the fact the sun came up this morning.

AFFAIRS OF STATE

Political Contribution Plan

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — Already, the drive for 1968 political funds is under way, with chairmen to the state Democratic and Republican central committees announcing a 1967-68 compact between their organizations, which sponsor activities of the California Good Citizenship Committee.

The committee is a non-partisan, non-profit organization devoted to three major accomplishments: getting employees of large firms to register to vote, informing employees on issues and candidates, and obtaining contributions from these employees for party funds as designated by the employee.

The committee in 1966 had some success. It claims 55 firms, employing about half a million workers, participated in some degree, and that employees of these firms contributed more than a quarter million dollars to various campaigns during the election year.

ONE OF THE SELLING points of the organization is that expenses of the company sponsoring the activity are deductible from federal income tax. The Internal Revenue Service and Department of Justice have so ruled.

Chairmen of the two political parties, recognizing the system as one which will contribute much toward financing next year's campaigns, vigorously urge participation.

So far, the contributions haven't amounted to a great percentage of the total spent on election campaigns, but politicians subscribe to the theory that every little bit is better than nothing.

EXPENSES HAVE GROWN so great in fact, that some politicians have proposed that campaigns be financed out of tax money through an intricate system of appropriations.

This idea has met with little support from an already tax-ridden public.

However, under the Good Citizenship Committee suggestions, no employee is forced to come through with a contribution, as in the case of tax withholding.

WHAT OUR READERS SAY

Latin Community Deserves Attention

Editor, Independent-Journal:

Your article of Saturday, Nov. 11 on Mexican-Americans moves me to write about the growing Latin American community in San Francisco.

Here in the Bay Region the Latin American community that is closest to Marin County is the one in the Mission District centered in the Mission Street, 16th to Army streets area . . . This community is in some places economically depressed and is in other places expanding rapidly and it has a wealth of Latin American culture, which is very rich and colorful. There are many restaurants and clubs in some of which are groups of native Latin American musicians, Spanish theaters, businesses, and a Spanish radio station which can be heard in Marin.

Many of the people in the area, while they often do successful business within their community and occasionally outside of it, need help as they suffer from subtle job discrimination by "white establishment" overlords and from ignorance of the surrounding "white" affluent communities such as Marin County . . .

Many Marin County people have learned Spanish in school and could certainly expand their knowledge of Spanish and Latin American culture by recognizing and perhaps visiting places . . . of the Latin American community. This would give the Latin people the feeling that they are no longer ignored and could eventually lead to solving their social problems.

Shameful Happening Should Be Forgotten

Editor, Independent-Journal:

I am writing in the capacity of a private citizen as I wish to add my voice to the many who have come to the support of Fairfax Police Chief Jim Orr.

I worked with Jim and his department on various cases during the four years that I served in the District Attorney's Office. I can state without qualification that Jim Orr is possessed of the highest integrity and has always been a most excellent Police Chief and I might add a gentleman.

The incident in San Rafael and the resultant publicity were very regrettable. It was not the kind of thing that should happen to a man like Jim Orr.

How Church School Saves Tax Money

Editor, Independent-Journal:

While Mr. (Richard) Bachmann is so concerned about the cost of parochial school transportation for Hamilton school children ("Readers Say," Nov. 14 he should stop and figure how much it would cost him if that child did attend the Hamilton Base public school. This is a valid question since Hamilton is part of Novato Unified School System.

It costs the taxpayer over $600 a year to maintain a child in public school, on base or otherwise. If it costs the taxpayer only $75 to transport the child to parochial school, then he's saved $525 in taxes!

Mr. Bachmann, it's to your advantage monetarily to urge us Catholics to maintain our parochial school!

Council Should Not Replace Parents

Editor, Independent-Journal:

Regarding the "Non-Square Youth Center" (Nov. 6 issue of the I-J):

Probably the biggest factor in the conflict of thinking between parents and young adults is the interpretation of discipline, respect, morality and pride as held by the parents in opposition to the progressive superlatives of individuality and free thinking.

I believe that the majority of parents still feel that the values of their old-fashioned ideas are prerequisites in the making of responsible citizens; consequently, the indoctrination received at home stresses these factors. Away from home, various segments of our society contend that "freedom of thought," regardless of the direction it takes, far surpasses any other requirement. This difference in "indoctrination" cannot help but frustrate the teen-agers.

The "Non-Square Council" is basically saying, "Now that the problem has been created, the best solution is for the teen-agers to disregard their parents' indoctrination and come to the council where they will be completely understood."

I do not intend to turn the indoctrination of my kids in areas of morals or other standars over to a council. Regardless of how nerve racking it might be, the problem of the generation-gap has to be solved at home.

One thing we can be sure of: if the parents do not accept this responsibility . . . there are many groups that would be more than willing to step in and take over this all-important function.

'Pot Calling The Kettle Black'

Editor, Independent-Journal:

Treat all citizens alike, you say?

Then why the big headlines and the heavy coverage of (Police) Chief (James) Orr's arrest and subsequent legal entanglements? If he had been anyone else, would the events have been played up so much? No!

Then why blame the San Rafael City officials for considering special treatment for VIPs? Isn't this "natural"? You did it.

Looks like it's a case of the pot calling the kettle balck.

REMEMBER WHEN?

10 YEARS AGO

Nov. 20, 1957

Belvedere residents passed a $55,000 bond issue to buy 200 acres of submerged land in Richardson Bay to avoid a filled land residential development on the acreage.

The Dixie School District Board voted to take the case of teacher Edward L. Hanchett, alleged former Communist, to Marin Superior Court.

20 YEARS AGO

Nov. 20, 1947

Princess Elizabeth and her Prince were married in Wesminster Abbey and rode back to Buckingham Palace through streets jammed with more than a million cheering Britons.

The state Highway Commission allocated $375,000 for widening, grading and resurfacing the Black Point cutoff from Ignacio Wye to Petaluma Creek.

TRY AND STOP ME

By BENNETT CERF

ON THE SECOND morning of the Isrealis' lightning advance across the Sinai Desert, according to Henny Youngman, an Israeli lieutenant caught up with six fleeing Arab soldiers and beat the daylights out of them. The lieutenant then abandoned them with this parting shot: "It's a lucky thing for the six of you that it wasn't my husband who got you!"

STEPHEN Birmingham tells of a very rich, very parsimonious old party who had amassed a fantastic and priceless collection of art objects, and was desolate at the thought that some day he'd have to leave them all behind. Then one day he visited a museum where twin tombs flank the entrance to the building that houses the collection another pair of connoisseurs had built up. The very rich old party nodded approvingly at the plaque that bore the names of the pair and whispered softly, "What a way to go!"

New Political Lineup In Making; Parties' Old Roles Lose Validity

WASHINGTON — Far-reaching political changes are in the making in the United States.

It is not too much to say that the whole political landscape will be substantially different from today.

Here's what is happening:

1. The three-sided voter coalition, which shaped the politics and the policies of the nation for 36 years and produced liberal Democratic party rule most of the time, is breaking up. The big city Democratic machines are losing power. The Democrats can no longer take the labor vote or the farm vote for granted.

2. The issues which dominated most of the national elections for more than a quarter century will not dominate the voting during the next quarter century. The central and controlling factor will be which party can persuade the nation that it can cope effectively with — not just talk about — the pressing, intertwined problems of race, poverty, and the crisis of the cities.

3. It will be open to either party to succeed. And the party that best identifies itself as in step with the new needs and thinking of the country will have the prospect of holding office for a considerable number of years.

THERE IS ABSOLUTELY no doubt, I think, that a new consensus — a new coalition — of voters is coming into being. It will replace the labor-farmer-big city coalition which gave the Democrats dominance so long. Neither party will inherit this new coalition. One or the other will have to earn it.

It could be the Republicans. F. Clifton White of New York, who organized the draft-Goldwater movement but whose view is not to the past, dealt perceptively in an article in the Washington Post with what the GOP must set itself to accomplish.

"To succeed," he wrote, "the Republican party must demonstrate a willingness to add a new dimension of social responsibility to its basic philosophy. It is not enough to say that the private sector can handle problems better than the government can. It must be emphasized that Republicans intend to get the private sector involved solving social problems hitherto handled only by government."

THIS IS EXACTLY what American business is setting out to do. It is tardy but is embarking on it with a sense of urgency. The Committee for Economic Development, the most forward-looking arm of U. S. business leadership, after a year-long series of meetings with more than 1,000 young business executives, found that "a great majority are eagerly seeking ways of involving themselves and their companies more deeply in the major social and economic problems confronting the nation."

Obviously the Republicans are in the best position to galvanize the support and energies of the business community to help with the whole range of problems from racial injustice to urban glut. But it won't succeed by identifying itself, as it now is doing, as the nit-picking, penny-pinching enemy of the war on poverty.

IT IS QUITE OPEN to the Democrats to reshape and modernize their approach to state and local government. They will have to join, instead of resisting, the gathering trend away from big federal government. They will have to recognize that federal do-it-all-ism is inefficient and out of date and that the need today is to share revenue with the states to enable decentralized government to do well what over-centralized government does badly.

Some unconventional liberals are beginning to push in this direction and it would not be surprising to find more Democratic leaders reading these signs of the times.

All of this will make very useful competition between the two parties in meeting the challenge of the new political consensus now in the making.

Democracy Faces Tough Test In Philippines

By PHIL NEWSOM
UPI Foreign News Analyst

In the Philippines, spreading lawlessness, mounting unemployment and government corruption have led some pessimists to say that democracy cannot survive and only a dictatorship will rescue the country from its national illness.

"We have accepted bribery as a national way of life," wrote a Manila columnist. "This is our purgatory."

The future of the Philippines hinges in great part on the man it has installed in Malacanag Palace, President Ferdinand E. Marcos.

IT IS PERHAPS a measure of him that in Manila, where corruption is an art and violence so common that nightclubs ask patrons to check their pistols with their hats, Marcos made a miserable showing in elections last week. His candidate for mayor lost to a political enemy.

It may be a further measure of the energetic 50-year-old president that in the provinces, in the borrios and boondocks, his Nacionalista party congressional and municipal candidates won overwhelming victories.

He received a mandate to further his campaign for "rice, roads and schools," a campaign slogan sorely in need of fulfillment in those islands. He also received proof of his polititical prowess. He may be elected the Philippines first two term president in 1969.

MARCOS SAYS he has put the country on the move after 21 years of doldrums beginning with independence from the United States.

A man of unquestioned sincerity and ability, he has indeed made some progress.

He has cut drastically into the smuggling rackets estimated to cost the government $100 million a year and he has dismissed 80,000 government jobholders. He has stepped up building of roads and schools.

Nevertheless, the civil service remains unwieldy, shot through with those who held their jobs on the basis of family or political connections, unresponsive to the grinding poverty of the rural areas and to unemployement now nearing 15 per cent.

GOVERNMENT INEFFICIENCY and opposition to the landlords have stalled Marcos's plan to distribute land to the peasants and rising costs are cutting sharply into the buying power of the country's 33 million people whose average income is a low $500 a year.

As unemployment has increased so has lawlessness beyond the means of an inefficient police force and constabulary to handle.

Campaign and election violence alone claimed 117 lives.

The rich, living behind stone walls, can afford their private police forces. But in the countryside it is easier and safer to pay protection to the bandists, a bag of rice or two or perhaps shelter, rather than to fight.

There is, in addition, the resurgence of the "Huks," the Communist-led Hukbalahaps who nearly toppled the Manila government in the early 1950s. Their numbers presently are estimated at no more than 1,000, operating primarily in central Luzon island. But, a senate report warned 'tomorrow it may be the whole country."

Beyond that is the country's inability to feed a population increasing at between 3 and 4 per cent a year. The rice shortage this year is estimated at 350,000 tons.

In the Philippines it is less a question of good government than simple self-preservation.

"A better police force is one way to reduce crime — justice for everybody is another."

'Economy Model' Auditorium May Be Right Size For Marin

Marin will have to settle for an "economy" auditorium with only 786 seats as compared with the ambitious 2,100-seat model contemplated earlier.

While the drastic cutbacks come as a blow to the cultural organizations, some of the more business-oriented segments of the community find the seating reduction not at all disappointing.

In fact, one respected member of the business community, who is well versed in cultural events as well, was heard to comment:

"To spend an extra $300,000 just to get 2,100 seats is ludicrous. At this point, Marin just doesn't need that kind of seating capacity."

OTHERS ARE LOOKING ahead to the maintenance costs that will be required after the auditorium is completed. A rough estimate shows that it will cost some $1,900 per month to clean and maintain an auditorium with a seating capacity of 786. If you increase the seating to 2,100, the maintenance cost will nearly triple, they contend.

At present, attendance that a cultural attraction will draw in Marin couldn't support that kind of cost.

The economy auditorium, with scaled-down seating capacity, may therefore be just about the right model for Marin. The important thing is that a flat floor area for exhibits and convention type activity, which is the crying need in the county, will be available in the area behind the fixed seats.

WE'VE OFTEN wondered why Helen Baker Lanier and her husband John of Mill Valley keep clobbering us at the bridge table.

We got the answer this week with the publication of Mrs. Lanier's new book entitled "Contract Bridge for Young People."

She uses a carefully devised "trick count method" which shows exactly how many tricks a partnership can win on any given hand. Her new book, with accompanying charts, is a self-teaching manual, especially for young people of high school and college age.

Mrs. Lanier claims it's more accurate than the old honor count or the widely used point count method. She ought to know. She pioneered bridge in public schools and for years was co-owner and teacher at the Ely Culbertson Studios in San Francisco.

SPEAKING OF BRIDGE, the weekly bridge winners column in the I-J was headed "Bride Winners" two weeks in a row. In the interests of domestic tranquility, Marin Bridge League officials hasten to assure all spouses that the object of the game remains unchanged — to win points, not brides.

Did you know that the Cal-Vet eligibility doesn't expire, as do some of the other benefits? In other words, if you've never had the occasion to use the Cal-Vet privilege since World War II, it's still good if you decide to buy a home today or next year. The only drawback is that it's good only for the first $15,000 on a home. The rest you'll have to dig up on your own.

ART BUCHWALD

Meet Malcolm McMoral, Pioneer Of Anti-Pornographic Novel

WASHINGTON — Newsweek magazine has just done a cover story on the "Permissive Society." The article, illustrated with a nude Jane Fonda, deals with the great strides that have been made in the last few years with respect to sex in films, songs, fashions and, of course, books.

Since you can't shock Americans any more with sex, a new school of writing is now in the making and I interviewed its leader, Malcolm McMoral. He is the author of the first antipornographic novel, "A Kiss on the Cheek."

"MALCOLM, I HAVE read your book from cover to cover and didn't find one obscene word. Did you have a reason for eliminating all the dirty words or were you just trying to shock your readers?"

"Some reviewers have accused me of the latter, but the truth of the matter is my characters had no reason to curse and, therefore, I had no reason to put obscene words in their mouths."

"Malcolm, in your book the title 'A Kiss on the Cheek' is apparently taken from a scene on page 157 where the mother kisses her 8-year-old son on the cheek. This is the only kiss in the book. Why?"

"Every writer has to deal with life, and that kiss was necessary for the development of the story. I don'tj ust throw it in for the heck of it."

"I'M NOT CRITICIZING you for putting the kiss in. I'm criticizing you because there is absolutely no sex in the book at all. Do you think it's fair for people to pay $5.95 and not have at least one really hot love scene somewhere in your novel?"

"All I can do is refer you to the Supreme Court decision of 1943 which says that you can publish a book without a love scene in it, providing it has some social value."

"So you justify your lack of love scenes in the book on the grounds that it has social value?"

"Yes. Some dirty-minded people have accused me of writing a clean book for money. Well, I say, who is to judge whether a book is clean or not? Sure, there are clean passages in it, but you have to have those if you're going to deal with reality."

"IN YOUR BOOK the husband doesn't even commit adultery. Don't you think that's going a bit far?"

"Not in the context of the story. If you take it out of context, certainly it might sound that way. But the husband happens to be in love with his wife and that's why people have said it's a clean book. There are a lot of cleaner books in drugstores now, so I don't know why my book should have been singled out."

"Yet your novel seems to be some sort of a breakthrough, and there is fear that other writers might start copying you, particularly if you prove there's money to be made in writing a clean book."

"That's not my problem. If I didn't do it, somebody else would have. Society is changing all the time. It's true that the clean novel is considered avant-garde at the moment, but that doesn't mean it's wrong. Someday there will be so many clean books on the market that no one will be shocked any more."

Bike Hits Car, Youth Shaken

Daniel E. Thomas, 14, of 54 Corte Lenosa, Greenbrae, was treated Friday night at Marin General Hospital for cuts and bruises suffered when he ran his bicycle into a car at Laurel Grove and Inman avenues in Kentfield at 5:45 p.m., the California Highway Patrol reported.

He was cited for failure to yield the right of way and for bicycling in darkness without lights. He told Highway Patrol officers that he had no lights because he was to get some for Christmas.

Driver of the car was Perry J. Waldbillig, 62, of 20 Inman Avenue, Kentfield.

Panama Order Goes To Marin Colonel

Col. Willys E. Lord of San Rafael has been presented the Republic of Panama's Order of Vasco Nunez de Balboa for "meritorious service" while Chief of the U. S. Army Mission in Panama from 1953 to 1958.

A veteran of more than 25 years service, Colonel Lord has also served with the Joint U. S. Military Advisory Group in Thailand. He also was decorated by the Republic of China. His home is at 42 Sea Way.

San Bruno Resident Found Dead In Car

A man identified as John Victor Hughes, 49, of San Bruno, was found dead in his car parked on a trail off Shoreline Highway, two miles south of the Tomales-Petaluma Road, yesterday afternoon.

Asst. Coroner Eugene R. Fontaine said that Hughes, apparently a suicide, died of carbon monoxide poisoning.

There was a hose attached from the exhaust pipe into the car where Hughes was found lying by Michael S. Arnold of San Francisco, Fontaine said. There also was a note, not addressed to anyone in particular, stating that he had taken his own life, Fontaine reported.

Hughes had been dead for several hours before he was found at 12:35 p.m. His body was taken to the Redwood Chapel in Novato.

California produces 85 per cent of the world's vegetable seeds, says the Council of Calfironia Growers.

Three Inmates Are Recaptured

RED BLUFF (UPI)—Tehama County Sheriff's deputies yesterday recaptured three of six inmates who escaped from jail by sawing bars off a cell window and climbing over the roof and down a fire escape.

Two others were quickly recaptured after the break Saturday.

Richard Currier, 23, San Francisco, is still at large. He is charged with possession of marijuana.

Miami Beach was incorporated as a city in 1915.

New Soviet Jetliner On Maiden U.S. Trip

MOSCOW (AP) — A new Soviet IL62 jet airliner left today on its first flight to the United States. Aboard were officials to discuss a regular New York-Moscow airline service.

The group headed by Dmitry I. Petrov, inspector-general of civil aviation, will begin technical talks in Washington tomorrow. A spokesman for the Ministry of Civil Aviation said the group expects to fly back to Moscow by the end of the week.

An agreement for the first direct air service between the United States and the Soviet Union was signed a year ago.

Two earlier technical sessions have been held and now the route can be opened "fairly soon," the U.S. State Department has said.

The IL62, whose four jet engines are mounted on the tail like the British VC10, has recently begun flying to Montreal, New Delhi and Rome. It must now obtain an American certificate of airworthiness and pass noise level tests at New York's Kennedy Airport.

Almost A Victim

DENVER (AP) — A process server, Calvin Smith, went to a stockyards auction to serve a complaint and became an unwilling bidder for an Angus calf.

When Smith pointed his finger at the man he wanted to hand the subpoena, the auctioneer called, "I'm bid $400." But Smith didn't have to buy the calf — someone else bid $500.

The $4,493 you spend on the Mercedes-Benz 200 Diesel can go a long way—say, 100,000 miles or more.

Take a good look—the 200 Diesel may be the last car you ever need to buy. For more facts, clip coupon.

The Mercedes-Benz 200 Diesel sedan will cost you less to run—it burns inexpensive diesel fuel, at a miserly rate. It will cost less to keep up—it does away with carburetors, spark plugs and other irksome parts. But best of all, the 200 Diesel is built to keep running strong long after other cars have quit.

Inside the Diesel engine

How does the 200 Diesel do it?

Spring open the hood and you'll see a major reason. You'll be staring at a staunch 4-cylinder Diesel injection engine.

This ingenious device sidesteps the carburetors, spark plugs, distributor and condensers found in gasoline engines. A Diesel *injects* its special fuel automatically, in precisely measured bursts, right into the engine's combustion chambers.

Here the fuel is ignited by compression heat rather than a spark—and the compression ratio of 21 to 1 is twice that of most gasoline V8's. More energy to turn the crankshaft is squeezed from every drop of fuel.

Frugal to a fault

A Diesel engine burns inexpensive diesel fuel—and less of it. So you spend less to keep it running.

And because a Diesel doesn't need carburetors, spark plugs, distributors or condensers, you'll never pay to repair or replace these parts.

Finally, the 200 Diesel simply refuses to *wear out* like commonplace cars. This unique power plant is so sturdily built that it's likely to be still humming along when other cars have been chopped up for scrap. (In a recent survey, Mercedes-Benz found that 87% of the Diesels it has built are still running.)

Meeting the barbs head on

You may still resist the Diesel because of things you've heard—that it's "noisy," or that diesel fuel is hard to come by.

True, the 200 Diesel does make a different sound than conventional cars. But 31 years' refinement has mellowed "Diesel knock" down to a murmur. "Once underway," reports *CAR LIFE* magazine, "things quiet down and many unsuspecting passengers are surprised to learn that they've been riding in a Diesel."

You can buy diesel fuel anywhere that Diesel trucks tank up—and *that's* within easy reach of almost any home in America. And remember, you can travel up to *500 miles* on a single tankful.

Sports car suspension

The 200 Diesel rides more like a costly sports car than an economy model.

And no wonder. You ride on one of the most advanced suspensions found on any passenger car—a fully independent, rear swing-axle design pioneered by a Mercedes-Benz racing machine.

It soaks up the bumps and grips the road in cornering. Best of all, it's superbly smooth-riding. No thumping, no bumping.

Your 200 Diesel stops with the gentle ease of power-assisted front disc brakes—even in hard panic stops. And high-speed tires (fitted to every 200 Diesel as standard equipment) lend extra "bite" to road holding and braking.

Built to last

A long-lasting engine wouldn't be much good if the car around it fell apart in a few years. The rest of the 200 Diesel is built to match its durable engine.

After that heavy-gauge steel "unit" body has been welded 10,000 times, inspectors check for rough spots or other flaws in it. By the time it's painted, this body is flawless.

To stifle the ravages of rust and corrosion, 24 pounds of undercoating are sprayed on the underside. Another 24 pounds of primer cover every inch of body metal.

Your 200 Diesel is built to avoid the wrecker. If it ever got there, he'd have a hard time trying to pull it apart.

Send for free brochure

To learn more about the 200 Diesel and five other Mercedes-Benz cars, clip and send the coupon below. You'll receive a free, 28-page color brochure.

Better yet, stop in and test drive the 200 Diesel. You may want to spend the next 100,000 miles with it.

NOTICE REQUESTING BIDS
SANITARY DISTRICT NO. 2 OF MARIN COUNTY
CATHODIC PROTECTION SYSTEM FOR 20-INCH FORCE MAIN
NOTICE IS HEREBY GIVEN THAT Sanitary District No. 2 of Marin County will receive up to, but not later than, 2:00 o'clock p.m. of the 5th day of December, 1967, sealed bids for the award of a contract for the construction of improvements in the District in strict accordance with the plans and specifications therefor entitled "Cathodic Protection System for 20-inch Force Main," dated October, 1967, prepared by Brown and Caldwell, Consulting Engineers, and on file in the office of the Secretary of said District.
Said sealed proposals or bids shall be delivered to the Secretary of the Sanitary Board of said Sanitary District, 300 Tamalpais Drive, Corte Madera, California. Bids will be publicly opened, examined and declared on said day and hour by the Secretary who shall report to the Sanitary Board her findings, which findings shall be considered by said Sanitary Board at its meeting to be held at said place on December 5, 1967, at 7:30 o'clock p.m.
Each bid shall be in accordance with said plans, specifications and other contract documents now on file in the office of the District Secretary, located at 300 Tamalpais Drive, Corte Madera, California.
Said proposals or bids must be enclosed in a sealed envelope addressed "Sanitary District No. 2 of Marin County, 300 Tamalpais Drive, Corte Madera, California," and endorsed "Proposal for Cathodic Protection System for 20-inch Force Main."
All proposals or bids shall be accompanied by a certified or cashier's check payable to the order of the District amounting to ten per cent (10%) of the bid, or by a bond in said amount and payable to said District, signed by the bidder and a corporate admitted surety or two individual sureties who shall justify before any officer competent to administer an oath, in double said amount, and over and above all statutory exemptions. Said check shall be forfeited or said bond shall become payable to said District in case the bidder depositing the same does not, within fifteen (15) days after written notice that the contract has been awarded to him, enter into a contract with the District, the faithful performance of which shall be secured by an undertaking in the amount of one hundred per cent (100%) of the amount so bid, with sureties satisfactory to the said Sanitary Board, and which shall be accompanied by a labor and material bond in a sum equal to one hundred per cent (100%) of the amount of said bid, under the provisions of Chapter 3, comprising Sections 4200 to 4208, inclusive, of the Government Code of the State of California.
NOTICE IS HEREBY GIVEN that on November 7, 1967, the Sanitary Board adopted a resolution determining the general prevailing rate of per diem wages in the locality in which the public work herein provided is to be done for each craft or type of workman needed to execute the contract, a copy of which wage scale is contained in and made a part of the specifications for said work, to which reference is hereby made for a full and detailed description thereof.
The Board reserves the privilege of rejecting any and all bids or to waive any irregularities or informalities in any bid or in the bidding.
No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening of bids.
Plans and specifications may be examined at the office of the District, 300 Tamalpais Drive, Corte Madera, California; and at the office of Brown and Caldwell, 66 Mint Street, San Francisco, California. Plans and specifications may be obtained free of charge at the office of Brown and Caldwell, 66 Mint Street, San Francisco, California.
Dated: November 7, 1967.

1. NOTICE IS HEREBY GIVEN that the Board of Supervisors of the County of Marin, State of California, will receive sealed bids for the furnishing of all labor, materials, transportation, and services required for the STAGE EQUIPMENT including RIGGING, LIGHTING and SEATING of the Marin County Fair Building - Veterans Memorial Auditorium at the Marin County Civic Center, Highway 101 and North San Pedro Road, Marin County, California.

2. Each bid shall be in accordance with the Drawings, Specifications and Contract Documents prepared therefor, now on file with the Director of Public Works, Administration Building, Marin County Civic Center: William Wesley Peters, Architect, Taliesin Associated Architects of The Frank Lloyd Wright Foundation; Aaron G. Green, Architect Associated.

3. Drawings, Specifications and Contract Documents may be examined at the office of Aaron G. Green, AIA, 319 Grant Avenue, San Francisco, California or at the office of the Director of Public Works of Marin County.

4. Bidders wishing to bid are requested to contact the office of Aaran G. Green, 982-7398 so that drawings may be reserved.

5. Three complete sets of Drawings, and Specifications, and Re-Bid Addendum may be obtained by each bidder at the office of Aaron G. Green upon deposit of $75.00 per set (Building Construction and Stage Equipment).

6. Deposit will be refunded if bidder returns documents in good, usable condition, with added marks erased, within 10 days after bid opening.

7. Additional sets of prints or individual prints of individual drawings or sections of specifications may be purchased via your order to the Royal Blueprint Company, 70 Fremont Street, San Francisco, California.

8. Bids shall be submitted upon proposal forms furnished by the County of Marin, in accordance with regulations as set forth in "Instructions to Bidders", and shall be accompanied by certified check or bid bond, as specified in Instructions to Bidders.

9. Bids shall be sealed and filed with the County Clerk, Chamber of the Board of Supervisors, Administration Building, Marin County Civic Center, on or before 4:00 p.m. P.S.T., December 5, 1967.

10. The Board of Supervisors of the County of Marin reserves the right to reject any or all bids, units prices or alternatives, waive any irregularities in any bid and to contact work with whomever, and in whatever manner it may determine. No bidder may withdraw his bid for a period of 70 days after the date set for the opening thereof.

11. Bidder shall be licensed at the time of bid by the Contractor's State License Board of the State of California to perform the work herein described.

12. A bond will be required for the faithful performance of the Contract in an amount of not less than 100% of the amount of the bid, and a bond will be required to guarantee the payments of wages for services engaged and all bids contracted for materials used in the performance of the contract in amount of not less than 50% of the bid.

13. Bidders are hereby notified that pursuant to the Statutes of the State of California, or local law thereto applicable, the Board of Supervisors has ascertained the general prevailing rate of per diem wages in the locality in which work is to be performed, for each craft or type of workman or mechanic needed to execute this contract. The prevailing rates so determined are based on an 8 hour day, 40 hour week, except as otherwise noted. Existing agreement between the Building Trades and the Construction Industry groups relative to overtime, holidays and other special provisions shall be recognized.

Attracting Doctors A Matter Of Course

TOKYO (AP) — Shimada Municipal Hospital in central Japan has come up with a new plan to attract doctors to bolster its short staff.

It will foot the membership bill at a plush golf club.

Injuries Minor To Two Youths

Sausalito firemen treated two youths for minor injuries Saturday night after their car struck a parked car on Bridgeway at 10:28 p.m.

Bruce A. Kilby, 18, of 1085 Las Ovejas Avenue, San Rafael, was treated for cuts on the forehead and eyebrow. Police said Kilby turned to avoid a car turning left ahead of him and hit a parked car owned by Rosslyn H. Whitaker, 93 Elizabeth Way, San Rafael.

Kilby's passenger, Fred Smith, 17, no address given, was treated for two cut fingers on the right hand. Both youths were to see their own doctors.

WATER CONSUMERS

City of San Anselmo & Sleepy Hollow Fire Dist.

As part of our Fire Protection Program, fire hydrants in the City of San Anselmo and the Sleepy Hollow Fire District will be operated between the hours of 9:00 A.M. and 4:00 P.M. from Wednesday, November 22, 1967 to Thursday, November 30, 1967.

It is possible that you will be without service for a limited time and the quality will be impaired during some of this period.

We regret any inconvenience we may cause, but the testing of fire hydrants is a necessary function of the Fire Department.

WHAT WERE YOU DOING?

Young Marin GI Writes About A Cong Onslaught

What were you doing last month, between Oct. 16 and Oct. 31? Spec. 4/c Richard R. Steingruber, 21, of San Rafael, had a pretty active Oct. 16-31, according to letters received from him by his parents, Mr. and Mrs. Robert Steingruber of 41 Octavia Street.

He's assigned to Company C of the 701st Maintenance, First Infantry Division in Lai Khe, about 38 miles northwest of Saigon. He is a 1965 graduate of San Rafael High School.

Here are a few excerpts:

RICHARD STEINGRUBER
Letters from Vietnam

OCT. 16

"Dear Mom and Dad. I spent last night in a bunker at the defense perimeter. A few mortar rounds fell just outside the perimeter. Other than that nothing else happened."

OCT. 18

"I guess you've read in the newspaper about the eight hour battle that took place a few miles from here. It happened yesterday afternoon and evening.

"The VC regiments that came down from the north are now near here. The VC fight mainly at night, but they decided to hit in the daytime this time. The Lai Khe hospital was filled up by yesterday evening. This morning dead bodies were coming in by the truckload.

"Last night the VC took two more bridges. This place is getting hot. I was out on the line last Sunday night. It rained most of the night. The mosquitoes were all over despite the rain. My health has been okay except for skin irritations, and sometimes my nerves make my stomach churn around."

"Last night and the night before we could hear B52s dropping bombs. Sometimes we could see a red glow in the sky from napalm. Today we still hear bombs dropping and artillery firing away."

OCT. 27

"I have to go back out on the line tonight.

"I was out there night before last. There were VC about 200 yards out there, but they didn't try to come in. We had a mortar attack last night. They hit us at 2:30 a.m. There were 10 killed, but none from our company."

OCT. 31

"I'm sending for an antenna for my radio. I will be able to pick up stations in Los Angeles on that short wave with it.

"In the big battle a few weeks ago, all but two got wiped out in one company in the First Division. The newspapers said that 58 GIs got killed. There were many more killed than that.

"We had a mortar and rocket attack last Friday morning. The VC sent 15 rounds in here.

"Not too much to write so I will close.

"Love,
Richard"

Four Rear-End Wrecks Occur At One Location

An 18-year-old San Rafael woman suffered head pains in the first of four rear-end collisions on Highway 101, south of the San Rafael viaduct Saturday afternoon.

The California Highway Patrol reported that a northbound car driven by Harry Thompson, 45, of 65 Gertrude Lane, Novato, struck the rear of a northbound car diver by Roger M. Muschany, 20 of 15 Merrydale Road, Apt. 11, Santa Venetia, which had stopped because of traffic at 5:45 p.m.

Mrs. Muschany, 18, who complained of head pains after her head struck the windshield, was to be treated by her own doctor, officers reported.

The accident was the first of a series of four at that location, but there were no other injuries, officers said. The cause of the traffic jam which brought Muschany to halt wasn't determined, officers reported.

Students To Prepare Thanksgiving Dinner

Sixteen retarded students at San Rafael High School will cook a full course duck dinner and invite six faculty members to celebrate Thankgiving with them at a party at 12:15 p.m. tomorrow at the school.

Students in the living economy class of teacher C. F. Clawson Jr. will serve mint flavored fruit, duck, mashed potatoes, peas, yams, garlic bread and pumpkin pie.

Dow Chemical Strike Delayed

TORRANCE (UPI) — A strike against Dow Chemical Co.'s plant here has been postponed pending union study of the company's latest contract offer.

Workers at the napalm-producing plant had planned to walk out at 7:30 a.m. today, but union officials decided to delay the threatened strike following a negotiating session late yesterday.

Federal mediator Lester Huling said some progress was made yesterday when management and union representatives were asked to return to the bargaining table.

During the three-year Korean conflict, 5,764,143 persons served in the five branches of the armed forces.

Deadline Off Over Dismissals

BERKELEY (AP) — A students' meeting at the university of California has backed away from a deadline to disrupt the campus over the recommended suspensions of 11 students for one year.

The 11 participated in banned campus rallies during Stop the Draft Week last month and the dean of students' office proposed the suspensions.

At a meeting of about 800 persons last night, the vote was 312 in favor of calling off the deadline, to 272 supporting it.

Chancellor Roger Heyns was to return from an eastern trip today and start consideration of the proposed suspensions.

Marinwood Lifts Open Burning Ban

Open burning, which had been banned in Marinwood since last spring, is now permitted, Marinwood Fire Chief James W. Cameron announced today.

Marinwood residents who want to do open burning may get permission by calling the Marinwood firehouse on the information line.

Tars Get Ready For Playoff Against Hartnell

By GARY TISCHLER

College of Marin football coach Dick Read has sobered up somewhat from his happy 39th birthday party on the playing field of Santa Rosa Junior College.

Just a day after his Tars put the sweet finishing touches on a 8-1 regular season by beating arch-rival Santa Rosa 23-0, clinching the Golden Valley Conference title, Read made a long trip to Monterey.

From a squeezed-in seat on the 10-yard line at Monterey Junior College, Read watched Hartnell Junior College demolish Monterey Peninsula Junior College, 43-22.

That can sober anybody up, even if you've just received the key to the city.

Read and his Tars will get another look at Harnell's gang of ground-eaters sometime this week — either Thursday, Friday or Saturday — when the two teams play for the Northern California small division Junior college championship in Salinas.

The date will be decided either sometime today or tomorrow.

Read may not know the exact time and date yet, but he knows whenever it is, it's not going to be a fun party.

"They're big and physical," Read said of Hartnell. "They like to run and they're fast."

That covers backs like Rich Smith, a 6-1 190-pounder who covers the hundred in 9.7 seconds, and a 225-pound fullback who's a 10-flat sprinter.

"And their line gets off real quick, like hell on wheels," Read said.

Read is impressed, and that leaves him respectful but not quivering with awe.

"I think it's likely to be a wide open game," he said. "I think we have some fine backs too, but our defense is really going to be tested. We'll be able to move the ball against them. And there's emotional factors to consider too. They'll count."

The emotional factor to consider is that the Tars will, or should be, on cloud nine, after a stupendous season that saw everything fall into place like the best picture puzzle you ever saw.

And considering that the whole thing started with three quarterbacks, just 12 linemen, more questions than a police blotter and a demoralizing opening game loss, the whole thing is something of a daydream that you poke and find out its real.

"We knew we had some really outstanding backs and receivers," Read said. "But we didn't know what kind of line we were going to have, what the defense was going to do, or if we could get the kind of quarterback that we needed."

The Tars started out with a triumvate of quarterbacks with Bill Ingram, Rob Prosch and Tim Harr taking turns at the controls, through a slate of scrimmages and the opening game loss against San Jose City College.

Ingram could pass, Prosch could take control and Harr was great on rollouts and running. But what the Tars needed was a volatile passing attack, to augment backs like Dean Lazzarini, Donnie Smith and Dick Otis.

And along came Sierra Junior College to solve all the Tars' problems.

"That was the turning point all right," Read said. "That's when we clicked as a unit."

That was the game Sierra led 34-7 and 41-18 before the Tars found themselves and came back for an unbelievable 42-41 win.

That was the game in which Ingram turned into a first-rate passer, Tim Harr became a running back, and the Tars found that courage is something that helps win ballgames.

Ingram turned into the top passer in the Golden Valley Conference, Harr became one of its top runners and people like Tom Heacox, Tony Yarish, Larry Dressler, Rusty Poole, Bill Hickerson, Rich Woodall and others played defense like it should be played.

The Tars, in a season that saw the offense roll up points like a vending machine gone wild, nevertheless had a solid defense, something easily forgotten when you score points by the forties. But in case anybody forgot, the last two games were shutout victories including that satisfying 23-0 job over Santa Rosa last Friday night.

"These boys were the greatest," Read said. "That's all you can say. They played as a unit. That made the difference."

And when you have stars like the elusive Honor Jackson, like Harr, Ingram, and Lazzarini, playing like a unit makes a big difference.

And maybe that unit and spirit will carry the Tars again, when it counts, against Hartnell

Let Us Have Moment Of Silence For 49ers

OBIT — Okay, you guys, let's have a moment of silence, please. In respect for the poor departed San Francisco 49ers.

The buried the Prospectors in Green Bay, Wis. yesterday. Please omit flowers. They were officially eliminated from the 1967 National Football League championship race by the methodically murderous Packers, 13-0.

It looks like we long-suffering 49er fans will have to wait at least two more years for that elusive championship. I figure it will take that long for Steve Spurrier to earn the quarterback job. It is obvious that the team won't win any titles with John "Twinkle Toes" Brodie at the controls. And George Mira is playing out his option to go elsewhere. Brodie's 20-for-48, 2-interception passing performance yesterday was disheartening, to say the least. Hell, it stank. Green Bay's second string quarterback, Zeke Bratkowski, had better credentials.

Bench Brodie; Start Spurrier

I think Coach Jack Cristiansen has only one sensible course to follow the rest of this season. That is to bench Brodie and give Spurrier complete run of the show. Now that the team is eliminated, it is time to build for the future and the future rides on Spurrier's shoulders. The club paid a tremendous price for him and should give him experience in the remaining four games.

Also, if I were Chris I'd start developing another place kicker. Veteran "Toe" Tommy Davis compounded the team's miseries yesterday by missing three field goal attempts. He has been erratic all year and appears to be on the way out along with Mr. Brodie.

It'a time for a major shakeup.

The 49ers' offensive shortcomings wasted a brilliant performance by their defense. You hold Green Bay to one touchdown and you've played a whale of a game. What a waste.

It Was A Good Day For Collett

Side Lines: TV commentator Gordy Soltau was good enough to mention that rookie left guard Elmer Collett of Mill Valley did a fine job containing Packer tackle Henry Jordan . . . Elmer also made a diving recovery of a fumble . . . linebacker Matt Hazeltine, like Collett a Tam High graduate, was victim of the day's most vicious block. The TV rerun of the play made it twice as vicious and it's a wonder Matt ever got up. . . . "Twinkle Toes" Brodie was the 49ers' second best ground gainer yesterday with 41 yards on 6 carries. And when you have to rely on Brodie's running ability, you're in trouble, Bunkie.

Next Sunday the mighty Baltimore Colts invade Kezar. And if Coach Chris doesn't start Spurrier at quarterback I think I'll throw myself off a curb. I think we've had enough of Mr. Brodie.

Will anyone second the motion?

BIG GUN — Oakland end Billy Cannon catches nine yard touchdown pass—his third of the day—late in fourth quarter as Raiders smashed the Miami Dolphins 31-17 at Oakland Coliseum yesterday. Mighty Packers Dash 49er Hopes

The San Francisco 49ers were left wondering where their yardage went after conquering everything but the Packers' goal line in a 13-0 loss to Green Bay.

"I'm no sage," said a puzzled John Brodie, the 49ers' quarterback, after the pressure-loving Packer defense handed the San Franciscans their first shutout since 1967 yesterday. "We did move the ball the whole game, but moving the ball is just a means to the end of scoring points and we didn't get that end done."

EMPTY-HANDED

Time and again the 49ers, now locked in a four-game losing streak, found themselves in position to score but each time they came away with empty hands.

The loss was all the more irksome because the Packers played with a backfield of three backup men—Zeke Bratkowski, Donny Anderson and Ben Wilson.

Anderson and Wilson started for the second straight week in place of the disabled Elijah Pitts and Jim Grabowski. Bratkowski came on in the second period after Bart Starr was knocked woozy by Stan Hindman while trying to flee from a pass rush.

"I DON'T KNOW"

"I don't know what's wrong with our offense," said San Francisco Coach Jack Christiansen. "We just don't come up with the big play."

The 49ers outgained the Packers 308 yards to 297 after dominating the second half.

"We had a lot of trouble with Brodie in the past. It was a pleasure to catch him when he was cold," said Packer safety man Willie Wood, who ended the 49ers last scoring bid with an end zone interception.

Brodie, however, wasn't particularly cold in the fourth period when he gained 133 of his 170 yards passing. Brodie picked up just 11 yards in the first half.

ALL THEY NEEDED

The Packers got all the points they needed on Don Chandler field goals of 41 and 26 yards and a one-yard touchdown plunge by Anderson.

The touchdown capped a Bratkowski-engineered, 80-yard march in the second period.

The Packer defense, which has allowed more than two touchdowns only twice in 10 games, gained its second shutout of the season despite the loss through an ankle injury of All-Pro linebacker Lee Roy Caffey.

Tommy Crutcher replaced Caffey and made several jarring tackles as well as batting down three Brodie passes.

The Packers' victory assured them of at least a tie for first place in the Western Conference's Central Division race. San Francisco's loss eliminated the 49ers from contention in the conference's Coastal Division.

Costly Win For Raiders

OAKLAND (AP) — The Oakland Raiders enter the American Football League's head-to-head, round robin series among the Western Division leaders facing the probable loss of Clem Daniels and Bill Laskey—and with only two days to prepare for their Thanksgiving Day battle with the Chiefs at Kansas City.

The Raiders twice had to come from behind before subduing the stubborn young Miami Dolphins, 31-17 yesterday while San Diego virtually eliminated, Kansas City from the title chase with a 17-16 triumph.

LEADS WEST

Oakland leads the West with an 8-1 record and San Diego is pressing at 7-1-1. Kansas City was cut back to 6-4 by the Chargers. San Diego entertains Denver, 2-9, Thursday.

Oakland and San Diego then meet at San Diego Dec. 3 in the game that could in effect decide the Western king.

Daniels suffered a severely injured — possibly broken—ankle in a blitzing pileup. Daniels, the league's leading lifetime rusher with more than 5,000 yards, was carried from the field and taken to a hospital for examination.

Linebacker Laskey apparently had a less severely injured ankle.

Coach John Raunch, asked what he would do if Daniels can't play, replied, "If need be, we could play with those two big backs, Roger Hagberg and Hewritt Dixon, and I think we'd do all right. Both know the assignments.

A BIG LOSS

"But if Daniels is out, it would be a loss to us."

Daryle Lamonica passed 8 yards to Billy Cannon for the Raiders' only first half score, and twice more to him, 46 and 9 yards, for later touchdowns. That gave him 21 touchdown passes this season, high in the AFL.

Daniels ran in the other from one yard out and George Blanda contributed an 11-yard field goal after the Dolphins stopped the Raiders at the 4.

Oklahoma, Tennessee To Vie In Orange Bowl

By ASSOCIATED PRESS

Oklahoma and Tennessee accepted invitations today to meet in the Orange Bowl football game at Miami on New Year's night, and Alabama's Crimson Tide was named visiting team in the Cotton Bowl.

Alabama will meet the Southwest Conference representative that may be known Thursday.

The Orange Bowl announcement was made in Knoxville, Tenn., by William Lantaff, Orange Bowl president, and Jack Baldwin, chairman of the bowl team selection committee.

The pairing matches teams which played in the 1939 Orange Bowl. Tennessee won that game 17-0.

Tennessee, with a 7-1 record and unbeaten in the Southeastern Conference, is ranked No. 2 in the Associated Press poll.

"We think Tennessee and Oklahoma will make a fine pair of bowl teams," Baldwin said. "We followed Tennessee all season and we think it is the most exciting team in the country."

Tennessee made its first postseason bowl appearance in the 1939 game. Since then, the Vols have played in 13 other bowls. Under Coach Doug Dickey, Tennessee beat Tulsa 27-6 in the 1965 Bluebonnet Bowl and defeated Syracuse 18-12 in the Gator Bowl last year.

In Norman, Akla., it was learned that University of Oklahoma regents, contacted last week when it became clear that the Sooners were in line for an Orange bid, approved it on condition they beat Kansas. The Sooners are coached by Chuck Fairbanks, in his first year as head coach.

Dickey, who came to Tennessee in 1964, had a 4-5-1 record that year. Dickey's overall won-lost record, including two bowl victories, is 27-10-3.

Oklahoma has beaten Washington State 21-0 and Maryland 35-0; lost to Texas 9-7 and beaten Kansas State 47-6, Missouri 7-0, Colorado 23-0, Iowa State 52-14 and Kansas 14-10. The Sooners, leading the Big Eight Conference with a 5-0 record, have games remaining with Nebraska and Oklahoma State.

Youths Only $800 Away From Hawaii

The Terra Linda Junior Trojans, Marin County Pop Warner football champs, are only approximately $800 away from Hawaii.

That's the latest report from Mrs. Ellen Casey, treasurer for the junior Trojans. At least $8,000 is needed to send the 51-member team of players and coaches to a Dec. 3 date against an Hawaiian team in Hawaii.

So far, approximately $7,200 has been netted, including proceeds of about $1,000 from a Saturday rummage sale at Terra Linda High School.

The $8,000 is a minimum figure that would send the team to Hawaii. The original estimate was $9,000.

The last day for the last bit of money to roll in is Wednesday. That's the fund-raising deadline.

ROCKETS GROUNDED

Warriors Coast To Victory

SAN DIEGO (AP) — The San Francisco Warriors took command of the backboards to build up a 29-point first half lead last night and coasted to a 142-124 victory over the San Diego Rockets in a National Basketball Association game.

In the first half the Warriors, led by Rudy LaRusso's 17 points and nine rebounds, shot 52 per cent to the Rockets' 29 per cent.

The Rockets pulled to within 17 points, 94-77, with 3:49 left in the third period. But San Francisco pulled away again to a comfortable lead and led 109-90 by the end of the third period.

LaRusso, who sat out the fourth period, led all scorers with 29 points. Dave Gambee and Don Kojis paced the Rockets with 17 points apiece.

The game was scheduled for Saturday night but was postponed when a wet playing surface made play impossible.

Chicago Bears Throwing Blockbusters

By ASSOCIATED PRESS

The Chicago Bears, who spent half a season prying open the bomb bay doors, have started dropping blockbusters all around the National Football League.

Chicago, which failed to complete a touchdown pass until the closing minutes of its seventh game, blasted St. Louis 30-3 yesterday as Jack Concannon tossed scoring bombs of 51, 67 and 93 yards.

A week ago, sub quarterback Larry Rakestraw stepped in after Concannon was shaken up in the second quarter and unleashed three TD passes in a 34-7 triumph over the New York Giants.

"I guess you have to give Larry a little credit for my big day today," Concannon said after riddling the Cardinals' defense for 320 air yards. "Sometimes, these things can be contagious."

The Bears' third straight victory squared their season record at 5-5 in the NFL's Central Division. The loss dropped the Cards, 5-4-1, out of first place in the wide-open Century Division race.

Cleveland, 6-4, grabbed the Century lead by edging Minnesota 14-10 on Leroy Kelly's three-inch TD plunge with 28 seconds to play.

The Giants, 5-5, also stayed in contention, one game off the Browns' pace, with a 28-20 victory over Pittsburgh—but lost running back Tucker Frederickson for the remainder of the season when he suffered torn ligaments in his right knee.

Unbeaten Baltimore drubbed Detroit 41-7; Los Angeles downed Atlanta 31-3; Green Bay blanked San Francisco 13-0; Washington surprised Dallas 27-20 and Philadelphia smashed New Orleans 48-21.

The eight-game program established a one-day NFL attendance mark of 482,999, the per-game average topping 60,000 for the first time ever.

The Bears spotted St. Louis a first-period field goal by Jim Bakken before moving ahead to stay on Concannon's six-yard run, which capped a 70-yard drive.

Concannon's 93-yard bomb to Dick Gordon—longest TD pass play in the league this year—then touched off a 20-point second period burst. Concannon also pitched 51 yards to Bob Jones and 67 yards to Gordon for touchdowns.

Kelly's second touchdown of the game carried Cleveland past the Vikings after Walter Johnson recovered Dave Osborn's fumble on he Browns' 47 with 3:28 remaining. Kelly carried four times for 40 yards—including the final inches—on the winning march.

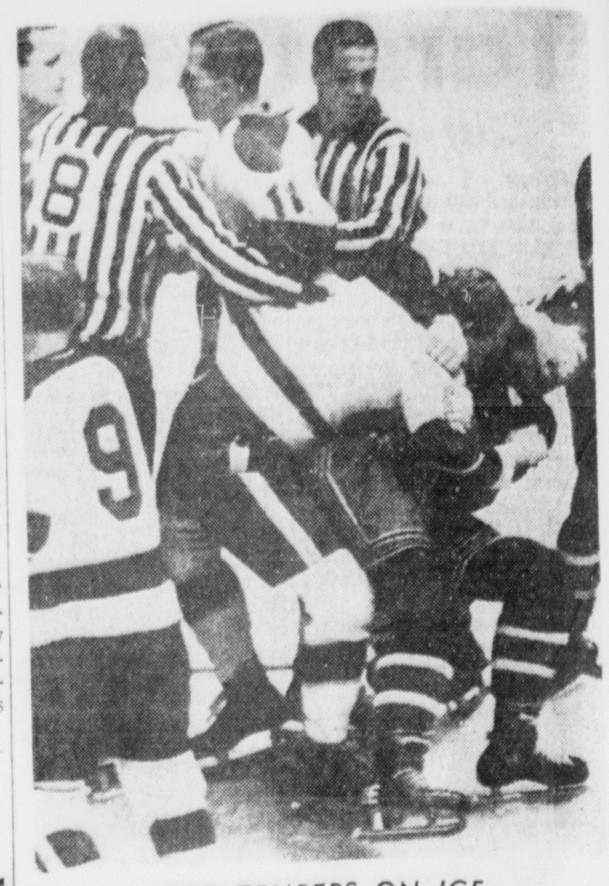

The Giants lost Frederickson and defensive tackle Jim Moran, who broke his left leg, in the first period. But Randy Minniear, subbing for Frederickson, scored two touchdowns and Fran Tarkenton passed 35 yards to Aaron Thomas for another as New York overcame an early 6-0 deficit.

The Colts' Johnny Unitas crossed up Detroit by turning loose a powerful running attack that netted 190 yards. Tom Matte led the way with 110 yards and two TDs in 17 carries as the Coastal Division leaders boosted their record to 8-0-2.

A 24-point final quarter shot the Rams past Atlanta and left them one game behind Baltimore in the Coastal race with a 7-1-2 mark. Roman Gabriel scored on a one-yard sneak and passed 57 yards to Bernie Casey for another touchdown less than three minutes later, keying the fourth quarter burst.

Sonny Jurgensen fired four touchdown passes as Washington built a 27-6 lead and then hung on to upset Dallas' Capitol Division leaders, now 7-3. Jerry Smith caught two Jurgensen payoff strikes.

Norm Snead also passed for four scores as the Eagles avenged an earlier loss to New Orleans. The Philadelphia quarterback completed 19 of 27 tosses for 309 yards in his club's biggest point binge since 1959.

Oaks Host Muskies Tonight

OAKLAND (AP — The Oakland Oaks meet the Minnesota Muskies in their home Oakland Arena tonight at 8 o'clock after squeaking out a 102-100 triumph over the Anaheim Amigos last night.

The high-flying Muskies are second in the American Basketball Association's Eastern Division, just one game back of Indiana. The Oaks rank fourth in the Western Division.

The Amigos are fifth in the West, six games behind the division-leading New Orleans Buccaneers and just half a game ahead of the cellar-dwelling Houston Mavericks.

The Oaks' Levern Tart took command in overcoming the Amigos at Anaheim. He scored 40 points, including 13 of Oakland's final 15. He sank two free throws with 11 seconds remaining to decide the game.

Tart is the league's leading scorer. Willie Porter backed him up with 15 for the Oaks. Bob Bedell and Les Selvage scored 21 each for the Amigos.

Seals Still Giddy Over Victory

OAKLAND (AP) — The Oakland Seals, fresh from an upset of the Montreal Canadiens, 2-1, Saturday night, travel to Los Angeles Wednesday to take on the western division leading Kings in National Hockey League play.

The win over Montreal was a giddy occasion for the Seals for several reasons. The largest Oakland crowd of the season—8,140—was on hand to see the Seals vanquish an established eastern division team for the first time in nine games. It also was the second win in three games after 15 games without a victory.

And the team was short handed when Gerry Odrowski scored the first Seal tally at 4:26 in the third period. Four minutes later George Swarbrick slapped in a shot from 40 feet.

Rain Puts A Damper On Pro Golf Tourney

RANCHO LA COSTA, Calif., (AP)—Rain postponed the last round of the $115,000 Haig Scotch Golf Championship and 52 teams were to play today, although the weatherman said there is a 20 per cent chance of rain.

Three teams dropped out of competition yesterday when the delay was announced, because of prior commitments for today. They are Bruce Crampton and Ted Makalena, Tommy Bolt and Tom Weiskopf, and R.H. Sikes and J.D. Sikes.

Tied for the lead after three rounds were Richard Martinez of Laguna Beach and Bob Lunn of Sacramento, and the duo of Howie Johnson of Palm Springs, and Lee Trevino of Horizon City, Tex. They are at 203 which is 13 under par for 54 holes. At 204 is the team of Davie Stockton of San Bernardino and Laurie Hammer of Sarasota, Fla.

The rain, the first measurable precipitation at this Southern California spot since June, stopped play at 9:30 a.m. yesterday.

Members of a team both hit tee shots and then pick the better drive to play out the hole, the golfers alternating shots.

Boats Virtually Stranded In La Paz Distance Test

By ASSOCIATED PRESS

LONG BEACH — A calm in the Sea of Cortez yesterday virtually stranded the fleet of boats in the Long Beach-to-La Paz race.

Leaders in the fleet were to have finished the 960-mile journey yesterday, but the unusual calm left the boats nearly dead in the water from 10 to 40 miles out of La Paz, Mexico, the Coast Guard reported.

The Coast Guard estimated the first boats would finish the race sometime today.

P-S-S-S-S-S-S-T!
FOUR WAYS TO GET CHEAP TIRES!
1. Buy a no-name brand that nobody ever heard of. You can usually get a discount on them.
2. Get tires at a place where the service is not up to snuff. This might knock off a buck or two.
3. Be satisfied with poor quality, 2nd and 3rd line tires — 2-ply seconds — recaps. These are all cheaper.
4. Buy them where safety is not the paramount concern. Where they throw 'em on and move you out.
NOW! IF YOU'RE A GAMBLER . . . and your luck is good, you might "save" 10 or 15 per cent — to start with. But if you are the kind of person who likes to buy with confidence knowing you will get the very finest service and quality, please see me. All my men are experts . . . safety experts.

BRING ON THE ROSES

USC Wins Bowl Berth

By ASSOCIATED PRESS

The Big Game is over. Now all that remains is for the experts to determine which team player rates the highest.

Southern California, by virtue of a 64-yard touchdown blast by sensational halfback O.J. Simpson, caught and passed UCLA last Saturday for a 21-20 victory. But for a missed extra point by Zenon Andrusyshyn, it would be the Bruins who would have gone to the Rose Bowl instead of the Trojans.

But come Jan. 1, Troy will play against the Big Ten representative sporting a regular season record of 9-1.

As for who is the best team, some say there should be twin national champions. UCLA did gain 344 yards to USC's 305 and the Bruins out-first-downed Troy 17-12 and did, for a time, bottle up the entire Trojan offense.

But Troy won.

And, if UCLA can beat Syracuse next week at the Los Angeles Coliseum, it would have an 8-1-1 record to USC's 9-1.

As to which player deserves the Heisman Trophy, symbolic of the nation's best football player, the race appears to be between Simpson and UCLA quarterback Gary Beban, who, for three years, has done amazing things with the football.

He did Saturday, too. Beban threw the ball 25 times, completed 16 for 301 yards and guided the team effortlessly despite playing with a painful rib injury on his left side.

Simpson, who gained only 10 yards with his first 11 carries, ended up as the game's hero Saturday, gaining 177 yards in all, winning the national rushing championship in his first season with a major college. The junior halfback transferred from San Francisco City College early in the year.

Simpson, too, was playing with an injury — a not-fully healed right foot.

Also in the Heisman running will be the national scoring leader Leroy Keyes of Purdue. Keyes ran for 193 yards in 24 carries and scored his 19th touchdown of the season in the Boilermakers' 21-7 victory over Michigan State.

In other games Saturday, California scored three touchdowns in the fourth quarter, two of them on passes from Randy Humphries to Wayne Stewart, to swamp Stanford 26-3. Both teams finished the season with 5-5 records.

Oregon State combined the hard running of fullback Bill Enyart with a four-yard touchdown run by quarterback Steve Preece with two minutes to play in the game for a 14-10 triumph over rival Oregon.

Oregon State and UCLA finished the season in second place in the Pacific-8 with records of 4-1-1.

Washington and Washington State wind up regular season play when they clash next Saturday with the Huskies hosting.

University of Pacific quarterback Bob Lee led his Tigers to a 39-8 victory over Long Beach State and San Jose State halfback Walt Schockley ran for 166 yards on 23 carries in the Spartans' 35-30 triumph over Fresno State.

BOWLING TIPS

By DON CARTER

Bowlers who definitely bend the right arm during the follow-through are putting plenty of pin-toppling action on the ball. They've given the ball a good lift at release. Those who finish with a straight arm are probably guilty of pushing the ball down the lane.

Baseball Shorties

WASHINGTON (UPI) — Aside from the St. Louis Browns' midget, Eddie Gaedel, outfielder Pompeyo Davalillo at 5-foot-3½ was the smallest player in major league history. He played in 1953 with the Washington Senators.

Cal's Willsey Optimistic After Big Game Victory

BERKELEY (AP) — California Coach Ray Willsey, triumphant his first time in four tries in the Big Game against Stanford, is optimistic.

Two sensational touchdowns within 22 seconds in the fourth quarter spurted his Bears to a 26-3 victory over Stanford Saturday before 74,500 fans. That ended the Indians' record Big Game winning streak at six and cut their lead in the long series to two games, 31-29-10.

LEADERS

Important for the future, sophomore Randy Humphries emerged as a capable quarterback and team leader. He directed the team well, threw well and scored the final touchdown on a two-yard sneak.

"The game really was important to us," Willsey said. "We finished the season winning our two final games. I felt all along we were making progress. This is a positive indication that we did."

California had sought a leader. Humphries quarterbacked the final two victories.

The Bears ended the season 5-5, as did Stanford. California was 2-3 in the Pacific-8 Conference and Stanford 3-4.

RECEIVING TITLE

Stanford's Gene Washington salvaged the Pac-8 pass receiving title from the game, catching 10 for a season total of 48 to pass Cal's Wayne Stewart. Stewart, who had led most of the season, received 6 and finished with 45. They're juniors.

Humphries, voted back of the game, completed 14 of 23 passes for 170 yards. Jim Fetherston, voted lineman of the day, made two key plays, an interception and a fumble recovery, and shared in seven tackles.

California loses nine seniors, of whom five were regular starters: Fetherston, defensive star Bobby Smith, center John Frantz, defensive guard Bob Crittenden and wingback George Gearhart.

16 SENIORS

Stanford loses 16 seniors, including Chuck Williams, quarterback, and Dave Nelson, safety, who played only briefly because of injuries. Other key players making their farewells as Indians are Jack Root, fullback; Marty Brill, linebacker; Tom Hazelrigg, end; Blaine Nye, tackle; Don Swartz, center, and Donn Renwick, halfback.

There were few scoring threats in the first three quarters, in which California took a 5-3 lead with the aid of a safety.

Celebrate.

Celebrate for a dozen reasons.
Or just because it's Fall.
Whatever the occasion: Jim Beam.
It's the Bourbon with the celebrated formula that's been passed down from father to son for six generations.

Celebrate friendship.
Celebrate just because it's Wednesday.
Pick your reason.
Cheers!

HERE'S WHAT YOU GET!

- Rugged No-rivet lining that gives sure, no-grab braking without scoring drums.
- All new lining, and new or completely reconditioned brake shoes installed by trained brake specialists.
- Free brake adjustment at 1500 and 5000 miles.

Prices are for Chevrolet, Plymouth, Ford, Dodge, and all United States compacts. Others slightly higher.

IT MUST BE RIGHT OR WE MAKE IT RIGHT

Goodyear-installed brake lining is available in three grades—good, better and best. If the Goodyear-installed brake lining should wear out before the time or mileage (whichever comes first) as listed above for the grade you purchase (and upon surrender of the original invoice), we will supply new linings of the same grade at no charge. You pay only for the cost of installation.

Landscaping Tax Needs

Dr. H. Reginald Hammond, Fairfax School District superintendent, will discuss landscaping needs at the new White Hill School with the Fairfax school board tomorrow night.

The board meets at 7:45 p.m. at the district office, 58 Park Road.

Hammond said the only landscaping thus far at the school, which is nearly completed, has been on a piecemeal basis. A landscaping plan should be made, he said.

Another item on the agenda will be discussion of a new heating system for the office at Manor School. The present one is no longer working.

Marinite Retires As Staff Nurse

Lt. Col. Mildred L. Frazer of 660 Redwood Avenue, Corte Madera, has retired as assistant chief nurse at Letterman General Hospital, San Francisco.

She was presented with the Legion of Merit for outstandingly meritorious service while serving in positions of responsibility from 1962 to '67, and was awarded the Army Medical Service Medallion in recognition of more than 28 years of "outstanding and faithful service."

Among her assignments were France, Hawaii, Panama, Germany and Greece, where she was advisor to the Greek Army Nurse Corps.

Dyak Tribesmen Kill 200 Traders

PONTIANAK, Indonesian Borneo (AP) — Fierce Dyak tribesmen have killed nearly 200 Chinese traders after declaring war on Communist Chinese terrorist bands in the Borneo jungles.

After the traditional sign of attack, a bowl of blood passed silently from village to village, the Dyaks burned nearly 100 Chinese inside their houses in one village and hacked 79 to death in three other attacks, missionaries and Red Cross workers said.

Zelinsky Seeks Remodeling Nod

Owner Frederick G. Zelinsky is asking the Tiburon Board of Design Review for architectural approval tomorrow to remodel a commercial building at 1640 Tiburon Boulevard.

The board meets at 8 p.m. at city hall.

One of the changes would smooth out the sawtooth edge of the roof on the Maritime Center building.

Development Administrator Phil V. Scott said today he will recommend Zelinsky provide 36 more parking spaces at the location to comply with the new zoning ordinance.

Panel Will Discuss Teaching Techniques

New teaching techniques for the retarded will be discussed by a panel of speakers at a meeting of the Marin Aid to Retarded Children, at 8 p.m. today in the planning commission chambers at Marin County Civic Center.

Those taking part will include Mrs. Beverly Bastian, director of Marin Child Development Center, Belvedere; Dr. William M. Lamers, director of Tamalpais Montessori Center, Kentfield; and Robert Bradfield, a guidance consultant with Marin County Superintendent of Schools Office.

About 700,000 persons are now receiving government food stamps.

Innocent Plea In Home Burglary

Melvin Razo, 22, of Berkeley, pleaded innocent in Marin Municipal Court Friday to a burglary charge. Preliminary hearing was set for Nov. 27.

Razo is accused of burgling the home of Maurice J. Flantzman, 81 Crecienta Drive, Sausalito, on Oct. 30. Police said they saw him flee the house, leap into a car and speed away. A chase resulted in his arrest.

The front door to the Flantzman home was kicked in and a large jar of coins and stereophonic equipment were found near the door, officers said.

Recreation Park Proposal On Tap In Corte Madera

Proposed creation of a 250-acre recreation park in East Corte Madera will be explained by Pierre W. Joske, county director of recreation and parks, at Corte Madera's Town Council meeting at 7:30 p.m. today.

Joske is scheduled to show film slides on the proposal. The area suggested for a park is in marshlands east of the railroad tracks and north of San Clemente Creek.

The council also is expected to consider passing a resolution as first step in merging the existing Sanitary District No. 2 as a part of the town government. If passed, the resolution would go to the local agency formation commission and the county board of supervisors for futher consideration.

Hiring of two additional firemen for the Paradise Drive public safety substation, and awarding of a bid for correction of curb drainage in four areas are on the council's agenda.

Marinites Take Part In Race Conference

Four Marin high school students flew to Washington, D.C., last weekend to join students from all parts of the nation in a conference on race and education sponsored by the U. S. Civil Rights Commission.

One Terra Linda High School student, sophomore Mary Melville, and three Tamalpais High School students, seniors Ron Blasingame and Tina Washington and junior Donna Quiett, attended accompanied by Lanny Berry, special assistant to the superintendent of Tamalpais High School District.

FROM RICHMOND

Also in the group were six students from Richmond and a student from San Jose State College.

Conferees discussed school desegregation and integration programs at Berkeley, Evanston, Ill., and Syracuse, N.Y., and administrative problems stemming from them.

For the local students Berry said, the prime goal was to find how students themselves see the problem and what they can do to affect black-white student relationships.

TRACKING SYSTEM

In a workshop Friday co-chaired by Berry, students discussed the tracking system in education, ability groupings, lack of minority representation in history as taught in most schools, and the inability of teachers in most areas to understand and handle racial situations adequately.

Consensus of the group, Berry said, was that the training most teachers get in relation to the nation's cultural diversity is "simply not very good."

A high point for Marin students, Berry said, was learning from southern students what it's like to attend school where black students are not wanted and teachers use everything from psychological warfare to physical abuse to try to persuade Negro students to drop out.

One girl from Mississippi said her parents had to sneak her out of town at night for her to attend the conference. The girl was to return home the same way, and didn't know if she could even tell anyone she had been to the conference.

The students also visited Howard University, heard a speech by civil rights leader Bayard Rustin, and met Contra Costa County Rep. Jerome Waldie D-Antioch and New York Rep. James Sawyer, who is involved in the California Development Corporation which has options in redevelopment land in Marin City.

Jobs For Youths To Be Expanded

SACRAMENTO (CNS)—Peter Weinberger, director of the state Department of Employment, announced today that 1,500 openings in the federal job corps program are available to youths from California.

He said the department would embark during the balance of the year to paint young men 16 through 20 years of age, who might be eligible for jobs, on a program to make opportunity known.

He said the newly announced openings will make it possible for the disadvantaged youth to acquire a variety of skills that will make them productive in the job market.

Today is Monday, Nov. 20, the 324th day of 1967 with 41 to follow.

The moon is between its full phase and last quarter. The morning stars are Mercury, Venus and Jupiter. The evening stars are Mars and Saturn.

On this day in history:

In 1937, Chungking was established as the wartime capital of China.

In 1945, 24 top German leaders went on trial at Nuremberg before the International War Crimes Tribunal.

In 1947, England's Princess Elizabeth and Lt. Philip Mountbatten were married.

In 1964, newspaper executive Roy Howard died in New York at the age of 81.

A Thought for the Day — Scottish essayist Thomas Carlyle once said, "Music is well said to be the speech of angels."

TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. Light-face type indicates a.m. times; **bold-face type** indicates p.m. times.

WINNING BRIDGE

By ALFRED SHEINWOLD

Good Reasoning Wins Rubber Match At Grand Slam Level

Roger Lord, 26-year-old St. Louis bridge enthusiast, bid seven notrump on today's hand because only a grandslam could pull the match out of the fire.

The hand was dealt during the recent International Rubber Bridge Tournamant at the Sands Hotel in Las Vegas.

HEART LEAD

West led the jack of hearts, and East signaled with the eight. Lord won with the queen and saw that he needed four clubs to make his grand slam.

Declarer took dummy's spades, got to his hand with the king of diamonds and cashed two more spades, discarding hearts from dummy.

West shrewdly threw two diamonds, carefully saving his "useless" clubs.

TO DUMMY

Declarer next took the other top diamonds and the ace of hearts. West followed suit with the ten of hearts, "concealing" the presence of the nine in his hand.

South continued with a club to the ace, a club to the king, and then a club toward dummy's queen-ten.

MOMENT OF TRUTH

The moment of truth had arrived: Lord had to decide whether to play the queen of clubs or try a finesse with the ten.

South felt sure that East had the king of hearts since West would not have led away from a king against a grand slam. East's other card was either the jack of clubs or the nine of hearts. Which?

Lord reasoned that East would have signaled with the nine rather than with the eight of hearts at the first trick if he had started with K-9-8-7. Since East had actually played the eight, he probably did not hold the nine.

MAKES SLAM

Therefore his last card was the jack of clubs. Lord played dummy's queen and made his slam.

It's worth noting that South would have had no problem at all if West had discarded any of his useless clubs early in the play.

What do you say?

ANSWER: Bid one club.

You intend to jump to 3-notrump if partner makes any weak response. Your hand is too strong for an opening bid of 1-notrump but not quite strong enough for an opening bid of 2-notrump.

OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

Secretarial Services Office Now Open In Tiburon Lodge

A new business opened at Tiburon Lodge, Tiburon is called **Secretarial Services Unlimited,** occupying part of the space off the lobby formerly used by Century 21 Travel Agency.

all forms of typing service are offered — letters, dictation, specifications, manuscripts presentations and statistical work. Duplication service will be done with a Xerox 914 copier (shortly to be converted to coin machine operation for use on a 24-hour basis) and a multi-color mimeograph machine.

An advertising production department will handle the design and writing of brochures, handbills, direct mail pieces and booklets, including layout, art, copy writing and follow-through production.

Mrs. Dorothy Nordbush, formerly of Portland is the manager. She has been working at bookkeeping, stenographic and payroll operations for the past nine years.

A NEW two-bay car wash has opened at 20 Bellam Boulevard, San Rafael, known as **Robo Automatic Car Wash.**

Located next to Bekins Van and Storage, it is completely automatic, providing a wash and wax job in two minutes. An attendant is on the premises. It is open 24 hours a day, seven days a week.

Robo is headquartered in Kansas City. The Northern California franchise is held by **Douglas-Hobart-Wilson, Inc.,** San Jose, headed by **Quentin H. Smith.** The company has opened a similar place across the bay in San Pablo and has plans for another in Novato and possibly one in Corte Madera.

KAUFMAN'S department store in San Anselmo now has another main entrance (making two). This one at 241 Sir Francis Drake Boulevard is the result of breaking through what was once the rear wall. Now there is no rear — only two fronts, on Drake and on San Anselmo Avenue.

IF YOU'RE WONDERING with some annoyance why San Anselmo doesn't put into use its perfectly good, seemingly long completed, south-bound stretch of Sir Francis Drake Boulevard from Tunstead to Bolinas Avenue, the story is that the opening must await installation of the proper traffic signals.

Someone forgot to turn on the green light for delivery.

SAN ANSELMO topped all Marin communities in percentage gain for retail store taxable sales during the second quarter. Gain was 22.44 per cent over the second quarter of 1966.

Corte Madera ran second with 11 per cent and Novato was a close third with 10.75 per cent. Other gains: Sausalito, 7.91 per cent, and the unincorporated area, 4.23 per cent.

Mill Valley was the heaviest loser — down 11.4 per cent, followed by Fairfax, 9.29 per cent; Larkspur, 7.01 per cent; and San Rafael, 2.11 per cent. Althogether the county gained 1.9 per cent, which was ahead of the state average of 1.6 per cent and better than 80 per cent of all counties in the state did.

Biggest gain in all categories in the county was shown in stationery and books — 72.83 per cent. Biggest drop was among trailer, boat, cycle and plane dealers — down 44.4 per cent.

NEW TRIUMPH TR-250

Introduced this month, this new member of the Triumph sport car family features a 2.5-liter six-cylinder engine, rack and pinion steering, power-assisted front disk brakes and plush new seats. It is now being shown at Marin Sports and Imports, San Rafael.

Middle Class Phenomenon, Owning Of A Second House

NEW YORK (UPI)—This is the season for second-house hunting.

And please don't stop reading here, figuring the second, or vacation house, is just for the rich.

The second house is a growing middle class phenomenon. Wage earners have begun to buy, in great numbers, vacation houses of their own. A survey by a plywood company recently showed that most of the buyers of its vacation cabins were earning between $8,000 and $10,000.

If the idea appeals, probably you can manage the hideaway of your dreams.

Vacation houses are paid for in a number of ways. And thought about financing should come early in the search to save time, heartache, and possibly money.

One way that many second-home owners finance their purchase is by renting out the house for part of the year. A family If skiers, for example, will use their chalet in the mountains during the winter and rent it to fishermen and other nature lovers for the summer. A second house in Florida can bring high rentals during the fashionable winter season, and the family can use it for a summer seaside vacation.

Lenders, admittedly, frequently regard vacation cottages as luxury housing for which there will be no market in bad times. But, according to the Foundation for Commercial Banks, particularly in resort areas, many full-service banks are eager to make mortgage loans that build up their localities.

Cheapest of mortgages, the Foundation says, are FHA-insured loans, which may be available at the bank if the house meets FHA standards of design.

Pound Drop Selling Cuts Stock Prices

NEW YORK (AP)—The stock market closed with a loss today but weathered the worst of the selling on news of British devaluation and interest rate boosts in Britain and the U.S. Trading was heavy.

Many losses were erased and some early losers began to show plus signs in the final hour. But steep losses remained throughout the list.

Gold Mining stocks advanced against the general trend.

The Dow Jones industrial average at 2 p.m. was down 8.72 at 853.39, having recovered from a plunge of 14.96 in the first half hour.

Losses outnumbered gains by about 10 to 1—more than halving the adverse ratio at the start.

Volume for the first four hours was 10.23 million shares compared with 6.88 million Friday.

While most leading stocks took losses of from fractions to many points, the gold-mining issues spurted ahead strongly as gold will now be worth more in pounds sterling and other devaluated currencies than they were before.

Homestake and Dome Mines advanced 3 points or more, McIntyre Porcupine and American-South African Investment a couple of points each.

Occidental Petroleum, opening late on a block of 73,000 shares, was off more than 4 points as it paced the list on volume.

IBM fell 12 points, Xerox 8, Polaroid 5, Control Data 4, Fairchild Camera and U.S. Gypsum 3, Woolworth, Boeing, International Telephone, Sperry Rand, Raytheon and Pfizer 2 or more.

U.S. Treasury bonds sank and some companies with big interests in Britain said devaluation of the pound would adversely affect their profits.

On the American Stock Exchange prices also retreated on a broad front.

SUCCESSFUL INVESTING

No Stock Is Certain Not To Suffer Loss

By ROGER E. SPEAR

Q. Is Loral Corp. worth investing in? We are in our 40s, with a son in college and a daughter in high school. We naturally want to realize a profit, but we cannot afford to lose. — M. K.

A. I thoroughly understand and appreciate your situation. What you must understand, though, is that all stocks involve the possibility of loss, even if it is only the risk of market fluctuation.

People in your circumstances should not buy Loral. Earnings have been erratic and no dividends are paid. A new management has recently taken over and may succeed in stabilizing the earnings base.

I believe firmly in quality and strong growth.

Such an issue is American Home Products, well diversified in drugs and household items. It has shown a steady growth rate for years and the shares do not look too richly priced at 27 times this year's expected earnings of around $2 a share.

Q. Please publish the names of a few conglomerates which seem best suited for capital gains. Are conglomerates better managed than mutual funds? — F. U.

A. My two favored conglomerates are Litton Industries and Textron. Both, in my opinion, are ably managed and have long records of consistent growth. As more speculative selections, I like Ling-Temco-Vought and Gulf & Western. All have had big advances and are vulnerable if market weakness continues.
